**Report of the Management Board**

**Principal activities**

UniCredit Leasing SIA (hereinafter - "the Company") is a member of the UniCredit group. The Company operates in the Latvian market since 1999. The Company provides products of financing for assets (finance and operating lease) in Latvia, Lithuania and Estonia.

The Company's consolidated annual report was prepared by consolidating SIA UniCredit Insurance Broker, a subsidiary established on 14 January 2008, (hereinafter - "the subsidiary"; together with the Company referred to as "the Group"). The subsidiary provides insurance brokerage services with the purpose to provide added value to the Company and its clients, as well as to minimize potential risks related to uninsured leasing objects.

**Performance of the Company in reporting year**

In 2012 despite the continuing of Global economic crisis, the Company and the Group continued to operate following the guidelines of the UniCredit Leasing group. Due to sound management practices, the Company and the Group managed to further increase existing lease portfolio by more than 10% (2012 vs 2011), at the same time keeping high quality of new incoming leasing deals. The respective improvements are reflected in net profit of the Company and the Group, which has increased comparing with 2011 by 71% and 74% respectively.

As a result, the Company has maintained one of leading market positions in Latvia with market share of 17% in year 2012. The Company and the Group also strengthened its position for development in the Baltic region, continuing to develop a branch in Estonia, Tallinn, and Lithuania, Vilnius, which have substantially widened customer and partner base in neighbouring Baltic countries during 2012.

Although the leasing market conditions in year 2012 were still unfavorable, the Company and the Group was continuing to focus on the quality of products and services provided, as well as on differentiating product development, especially in "green" field, taking active participation and financing CO2 saving technologies, from zero emission vehicles to large photovoltaic plants. The Company continued to be on the edge of innovations in technologies and financial services in Baltics, mentioning as an example first joint leasing Baltic project of European Investment Fund (Jeremie), which is dedicated to development of local economy via providing support to SME sector.

**Financial risk management**

The Company's activities expose it to a variety of financial risks, including credit risk, foreign exchange risk, interest rate risk and liquidity risk. The Company's management seeks to minimize potential adverse effects of financial risk on the financial performance of the Company. The management of the Company's risks includes basic principles and provisions for the identification, evaluation, prevention and effective management of risks:

As far as credit risk is concerned, the Company has adopted a conservative and reasonable credit policy, which is built on the framework of the credit policies and guidelines of the UniCredit group, while also considering the peculiarities of the local market. The Company has introduced and now follows the credit policy of cooperating only with lessees with a sound credit history and not exceeding the credit limits set for each customer.

The Company's exposure to foreign exchange risk arises from various currency exposures, primarily because the majority of the Company's borrowings are denominated in EUR whereas its portfolio of operating leases is revalued to Latvian Lats at the moment of recognizing the leased asset. During the last years the Company was aiming to minimize that risk by controlling the number of deals in EUR. As a result the proportion of such operating lease deals has become insignificant.

The Company's borrowings have variable interest rates. The management of the Company reduces the effect of interest rate risk when selling lease products by matching the interest rate type of the borrowing facility with the interest rate type of the financial facility provided to the end customer.

The Company pursues liquidity risk management by maintaining sufficient credit resources that enable it to settle liabilities when they fall due. Therefore, the management of the Company considers that the Company will have cash resources and its liquidity will not be endangered.

**Distribution of profit proposed by the Management Board**

The Board proposes that the Company's shareholders approve the Financial Statements for the reporting year according to which the Company's and the Group's total assets are LVL 176 738 005, and LVL 176 767 765 respectively and a net profit LVL 1 242 721, and LVL 1 266 110 respectively. The profit for the year in the amount of LVL 1 242 721 should support equity position of the company.

  
Algimantas Kundrotas  
Chairman of the Supervisory Board

Riga, 12 March 2013

  
Jecenijs Belezjaks  
Chairman of the Management Board

The accompanying notes on pages 12 to 51 are an integral part of these financial statements.

The financial statements on pages 5 to 51 have been authorized for issue by the Management Board on 12 March 2013 and signed on their behalf by:

  
 Rigimantas Kundrotas  
 Chairman of the Supervisory Board

  
 Jevgenijs Belezjaks  
 Chairman of the Management Board

**Notes to the Consolidated Financial Statements**

**GENERAL INFORMATION**

The consolidated financial statements include the financial statements of UniCredit Leasing SIA, registered in Mukusalas 41, Riga, LV-1004, Republic of Latvia, its branches in Estonia and Lithuania (hereinafter (the "Company")) and a subsidiary, UniCredit Insurance Broker SIA, registered in Mukusalas 41, Riga, LV-1004, Republic of Latvia and its branch in Estonia (together referred to as the "Group").

The separate financial statements include the financial statements of UniCredit Leasing SIA, registered in Mukusalas 41, Riga, LV-1004, Republic of Latvia and its branches in Estonia and Lithuania (hereinafter (the "Company")).

UniCredit Leasing SIA is a member of the UniCredit Group, which has been operating in the Latvian market since 1998. The Company provides products of financing for assets (finance and operating lease) in Latvia, Estonia and Lithuania.

The shareholders of the Company are UniCredit Global Leasing S.p.A. which holds 95% of the share capital and A/S UniCredit Bank, which holds 5% of the share capital. The Company's ultimate controlling party as at 31 December 2012 and 2011 was UniCredit S.p.A. which is listed.

**BASIS OF PREPARATION**

**Statement of compliance**

The consolidated and separate financial statements of the Company and the Group have been prepared in accordance with the International Financial Reporting Standards (IFRSs) as adopted by the European Union.

The consolidated and separate financial statements were authorized for issue by the Board of Management on 12 March 2013. The shareholders have the power to reject the financial statements prepared and presented by management and the right to request that new financial statements be prepared.

**Basis of measurement**

The separate and consolidated financial statements of the Company and the Group have been prepared on the historical cost basis. The Company and the Group do not have financial instruments at fair value through profit or loss and available-for-sale assets as at 31 December 2012 and 31 December 2011.

**Basis of consolidation**

For the purposes of the Group consolidated financial statements, subsidiaries are those enterprises controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an enterprise so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control effectively commences until the date that control effectively ceases.

Intra-group transactions and unrealized profit arising from intra-group transactions are excluded in the course of consolidation. Unrealized losses are eliminated similarly except that such losses are eliminated to the extent that there is no evidence of impairment.

**Functional and Presentation Currency**

The financial statements are presented in Latvian lats (LVL) being the functional currency of the Company and the Group, unless otherwise stated. Functional currency for branches in Lithuania and Estonia are Litas and Euro, respectively.

**Use of estimates and judgments**

The preparation of financial statements in conformity with the IFRSs as adopted by the EU requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

*Key sources of estimation uncertainty and key areas of judgement include:*

***(i) Impairment of financial assets***

**Impairment of investments in finance lease, loans issued and trade receivables**

The specific allowances for impairment applies to financial assets evaluated individually for impairment and is based upon management's best estimate of the present value of the cash flows that are expected to be received. In estimating these cash flows, management makes judgments about a counterparty's financial position and the net realizable value of any underlying collateral. Each impaired asset is assessed on its merits, and the workout strategy and estimate of cash flows considered recoverable are independently approved by the Credit Risk function.

Collectively assessed impairment allowance cover credit losses inherent in portfolio of loans and leases with similar credit risk characteristics when there is objective evidence to suggest that they contain impaired loans, but individual impaired items cannot yet be identified. In assessing the need for collective loss allowances, management considers factors such as credit quality, portfolio size, concentration and economic factors. In order to estimate the required allowance, assumptions are made to define the way inherent losses are modeled and to determine the required input parameters, based on historical experience and current economic conditions. The accuracy of the allowance depends on the estimates of future cash flows for specific counterparty allowance and the model assumptions and parameters used in determining collective allowance.

***(ii) Impairment of non-financial assets***

**Impairment of operating lease assets**

The carrying amounts of the Company's non-financial assets, other than investment property, land and buildings presented under property, and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. The recoverable amount of goodwill is estimated at each reporting date.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognised in statement of comprehensive income. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

***(iii) Deferred tax asset recognition***

A deferred tax asset is recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilised.

***(iv) Recognition of provisions***

Provisions are established for liabilities when it is probable that a past event has given rise to a present legal or constructive obligation and the amount can be reasonably estimated. Management exercises judgement in evaluating the probability that a loss will be incurred. The estimate of the amount of a loss requires management judgement in the selection of a proper calculation model and the specific assumptions related to the particular exposure.

***(v) Classification of lease***

Only risks and rewards incidental to ownership of the leased asset during the lease period should be considered when determining lease classification. Relevant risks include the possibility of losses from idle capacity or technological obsolescence and from decreases in the value of the asset; relevant rewards may include the gain from the increase in value of the asset or realization of the residual value at the end of the lease. Conversely, risks associated with construction of the asset prior to lease commencement, financing such construction and the costs of providing services using the leased asset, are not incidental to ownership of the leased asset during the lease period and, in our view generally should be disregarded in evaluating the classification of the lease. The classification of a lease is determined at the inception of the lease and is not revised unless the lease agreement is modified.

## **NEW STANDARDS AND INTERPRETATIONS NOT YET ADOPTED**

The following new Standards and Interpretations are not yet effective for the annual period ended 31 December 2012 and have not been applied in preparing these financial statements:

Amendments to IFRS 7 and IAS 32 on Offsetting Financial Assets and Financial Liabilities

Amendments to IFRS 7 Disclosures (effective for annual periods beginning on or after 1 January 2013; to be applied retrospectively) contain new disclosure requirements for financial assets and liabilities that are offset in the statement of financial position or subject to master netting arrangements or similar agreements.

Amendments to IAS 32 (effective for annual periods beginning on or after 1 January 2014; to be applied retrospectively) clarify that an entity currently has a legally enforceable right to set-off if that right is not contingent on a future event and enforceable both in the normal course of business and in the event of default, insolvency or bankruptcy of the entity and all counterparties. The Company and the Group do not expect the Amendments to have any impact on the financial statements since the Company and the Group do not apply offsetting to any of its financial assets and financial liabilities and have not entered into master netting arrangements.

IFRS 10 Consolidated Financial Statements, IFRS 11 Joint Arrangements, IFRS 12 Disclosure of Interests in Other Entities (effective for annual periods beginning on or after 1 January 2014; to be applied retrospectively). IFRS 10 provides a single model to be applied in the control analysis for all investees, including entities that currently are SPEs in the scope of SIC-12. IFRS 10 introduces new requirements to assess control that are different from the existing requirements in IAS 27 (2008). Under the new single control model, an investor controls an investee when:

- (1) it is exposed or has rights to variable returns from its involvements with the investee;
- (2) it has the ability to affect those returns through its power over that investee; and
- (3) there is a link between power and returns.

The new IFRS 10 also includes the disclosure requirements and the requirements relating to the preparation of consolidated financial statements.

Under the new IFRS 11, joint arrangements are divided into two types, each having its own accounting model defined as follows:

- a joint operation is one whereby the jointly controlling parties, known as the joint operators, have rights to the assets, and obligations for the liabilities, relating to the arrangement.
- a joint venture is one whereby the jointly controlling parties, known as joint venturers, have rights to the net assets of the arrangement.

IFRS 11 effectively carves out from IAS 31 jointly controlled entities those cases in which, although there is a separate vehicle for the joint arrangement, separation is ineffective in certain ways. These arrangements are treated similarly to jointly controlled assets/operations under IAS 31, and are now called joint operations. IFRS 11 eliminates the free choice of equity accounting or proportionate consolidation; the equity method must always be used in financial statements.

IFRS 12 requires additional disclosures relating to significant judgements and assumptions made in determining the nature of interests in an entity or arrangement, interests in subsidiaries, joint arrangements and associates and unconsolidated structured entities. The Company and the Group do not expect that the new standards will have a material impact on the financial statements.

Amendments to IAS 1 Presentation of Financial Statements: Presentation of Items of Other Comprehensive Income (effective for annual periods beginning on or after 1 July 2012; to be applied retrospectively). The amendments:

- require that an entity presents separately the items of other comprehensive income that may be reclassified to profit or loss in the future from those that would never be reclassified to profit or loss. If items of other comprehensive income are presented before related tax effects, then the aggregated tax amount should be allocated between these sections.
- change the title of the Statement of Comprehensive Income to Statement of Profit or Loss and Other Comprehensive Income, however, other titles are also allowed to be used.

The impact of the initial application of the amendments will depend on the specific items of other comprehensive income at the date of initial application. If the Company and the Group were to adopt the amendments from 1 January 2012, then the following items of the other comprehensive income would be presented as items that may be reclassified to profit or loss in the future: LVL 515 recognised in the foreign currency translation reserve and the related tax effects of LVL 515, recognised in other comprehensive income. The remaining amounts and items of other comprehensive income would never be reclassified to profit or loss. If the Group were to adopt the amendments from 1 January 2012, then the following items of the other comprehensive income would be presented as items that may be reclassified to profit or loss in the future: LVL 528 recognised in the foreign currency translation reserve and the related tax effects of LVL 528 recognised in other comprehensive income. The remaining amounts and items of other comprehensive income would not be reclassified to profit or loss.

Amendments to IAS 12: Deferred Tax: Recovery of Underlying Assets (effective for annual periods beginning on or after 1 January 2013; to be applied retrospectively). The amendments introduce a rebuttable presumption that the carrying value of investment property measured using the fair value model would be recovered entirely by sale. Management's intention would not be relevant unless the investment property is depreciable and held within a business model whose objective is to consume substantially all of the asset's economic benefits over the life of the asset. This is the only instance in which the presumption can be rebutted. The amendments are not relevant to the Company's consolidated financial statements, since the Company and the Group do not have any investment properties measured using the fair value model in IAS 40.

IAS 19 (2011) Employee Benefits (effective for annual periods beginning on or after 1 January 2013; to be applied retrospectively. Transitional provisions apply). The amendment requires actuarial gains and losses to be recognised immediately in other comprehensive income. The amendment removes the corridor method previously applicable to recognising actuarial gains and losses, and eliminates the ability for entities to recognise all changes in the defined benefit obligation and in plan assets in profit or loss, which currently is allowed under the requirements of IAS 19. The amendment also requires the expected return on plan assets recognised in profit or loss to be calculated based on rate used to discount the defined benefit obligation. The amendments are not relevant to the Company's and the Group's financial statements, since the Company and the Group do not have any defined benefit plans.

IAS 27 (2011) Separate Financial Statements (effective for annual periods beginning on or after 1 January 2014) introduces minor clarifications. The Standard no longer addresses the principle of control and requirements relating to the preparation of consolidated financial statements, which have been incorporated into IFRS 10. Consolidated Financial Statements.

IAS 28 (2011) Investments in Associates and Joint Ventures (Amendments effective for annual periods beginning on or after 1 January 2014; to be applied retrospectively). There are limited amendments made to IAS 28 (2008):

- Associates and joint ventures held for sale. IFRS 5, Non-current Assets Held for Sale and Discontinued Operations applies to an investment, or a portion of an investment, in an associate or a joint venture that meets the criteria to be classified as held for sale. For any retained portion of the investment that has not been classified as held for sale, the equity method is applied until disposal of the portion held for sale. After disposal, any retained interest is accounted for using the equity method if the retained interest continues to be an associate or a joint venture.
- Changes in interests held in associates and joint ventures. Previously, IAS 28 (2008) and IAS 31 specified that the cessation of significant influence or joint control triggered remeasurement of any retained stake in all cases, even if significant influence was succeeded by joint control. IAS 28 (2011) now requires that in such scenarios the retained interest in the investment is not remeasured.

The Company and the Group do not expect the amendments to Standard to have material impact on the financial statements since the Company and the Group do not have any investments in associates or joint ventures that will be impacted by the amendments.

## **SIGNIFICANT ACCOUNTING POLICIES**

### **Leases**

#### *Finance leases*

A finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee. Title may or may not eventually be transferred.

When assets are held subject to finance lease, the present value of the net minimum lease payments is recognised as a receivable. The difference between the gross receivable and the present value of the receivable is recognised as unearned finance income.

For more details on accounting for finance lease as a financial instrument classified as Loans and receivables, refer to the accounting policy on financial instruments.

#### *Operating leases*

An operating lease is a lease other than a finance lease.

Assets that are leased under operating lease terms are recorded within property and equipment at historical cost less accumulated depreciation and impairment loss, if any. Depreciation is calculated on a straight-line basis to write down each asset to its estimated residual value over its estimated useful life, applying the norms applicable for the similar property and equipment of the Company and the Group.

The minimum lease installments consist of the aggregate amount of all installments, which the Company or the Group expect to receive during the lifetime of the leasing agreement as well as of the guaranteed amount of the residual value of the leased asset.

## **Financial instruments**

### **Classification**

The Company and the Group holds the following financial assets:

*Loans and receivables* are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. For the purposes of these financial statements, loans and receivables include regular loans, credit card balances and leases, and are accounted for at amortized cost using the effective interest method. Certain expenses, such as legal fees or sales commissions for employees acting as agents or other expenses that are incurred in securing a loan are treated as part of the cost of the transaction.

*Liabilities at amortised cost include* deposits and balances to banks and current accounts and deposits from customers.

During 2012, the Company and the Group did not apply hedge accounting.

### **Recognition**

Financial assets and liabilities are recognized in the statement of financial position when the Company or the Group becomes a party to the contractual provisions of the instrument. All regular way purchases of financial assets are accounted for at the settlement date.

### **Measurement**

A financial asset or liability is initially measured at its fair value plus, in the case of a financial asset or liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or liability.

Subsequent to initial recognition, financial assets, are measured at their fair values, without any deduction for transaction costs that may be incurred on sale or other disposal, except for:

- held-to-maturity investments and loans and receivables that are measured at amortised cost using the effective interest method; and
- investments in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured which are measured at cost.

All financial liabilities, other than those designated at fair value through profit or loss and financial liabilities that arise when a transfer of a financial asset carried at fair value does not qualify for derecognition, are measured at amortised cost. Amortised cost is calculated using the effective interest method. Premiums and discounts, including initial transaction costs, are included in the carrying amount of the related instrument and amortised based on the effective interest rate of the instrument.

The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of financial asset or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability. When calculating the effective interest rate, the Group estimates future cash flows considering all contractual terms of the financial instrument, but not future credit losses.

### **Fair value measurement principles**

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction on the measurement date.

The Company and the Group have no financial instruments at fair value through profit or loss or available-for-sale securities.

The estimated fair values of all other financial assets and liabilities are calculated using discounted cash flow techniques based on estimated future cash flows and discount rates for a similar instrument at 31 December 2012. Since the absolute majority of lease portfolio is financed on floating interest rate basis, the company is not exposed to any fair value fluctuations - the book value is considered to approximate fair value.

The estimates of fair value are intended to approximate the amount for which a financial instrument could be exchanged between knowledgeable, willing parties in an arm's length transaction. However, given the uncertainties and the use of subjective judgment, the fair value should not be interpreted as being realisable in an immediate sale of the assets or settlement of liabilities.

The estimated fair values of all financial instruments of the Company and the Group approximate their carrying values at 31 December 2012 and 2011.

### **Gains and losses on subsequent measurement**

For financial assets and liabilities carried at amortised cost, a gain or loss is recognised in the income statement when the financial asset or liability is derecognised or impaired, and through the amortisation process.

### **Derecognition**

A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expire or when the Company and the Group transfer substantially all of the risks and rewards of ownership of the financial asset. Any rights or obligations created or retained in the transfer are recognised separately as assets or liabilities. A financial liability is derecognised when it is extinguished.

The Company and the Group also derecognise certain assets when they write off balances pertaining to the assets deemed to be uncollectible.

### **Recognition of income and expenses**

Net revenue represents interest income from finance leases, rental income from operating leases and income recognised in the reporting year out of administration fees and down payments.

Interest income from finance leases is allocated over the lease term and is recognised in the income statement using the effective interest rate method. The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial asset or liability. When calculating the effective interest rate, the Company and the Group estimates future cash flows considering all contractual terms of the financial instruments, but not future credit losses.

Fees and commission income and expenses that are integral part to the effective interest rate on financial assets and liabilities are included in the measurement of the effective interest rate.

Fees and commission income is recognised as the related services are performed. When a loan commitment is not expected to result in the draw-down of a loan, the related loan commitment fees are recognised on a straight-line basis over the commitment period.

Rental income from operating leases and advance payments received on operating leases are recognised on a straight-line basis over the lease term.

All interest income and expenses are recognised on an accrual basis.

Penalties are recognised when the cash has been received. Other income and expense items are recognized when the corresponding service has been provided.

### **Foreign currency**

Transactions in foreign currencies are translated into the respective functional currency of the operation at the exchange rate set by Central banks at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated into the functional currency at the spot exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the period. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated into the functional currency at the spot exchange rate at the date that the fair value is determined. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exn all cases, even if significant influe

The assets and liabilities of foreign operations are translated to the presentation currency at the exchange rate at the reporting date. The income and expenses of foreign operations are translated to presentation currency at exchange rates that approximate those on the date of the transactions. Differences arising on translation to presentation currency are recognized in other comprehensive income. Foreign exchange rates for the key currencies at the end of the reporting period were the following:

|       | 31 December 2012 | 31 December 2011 |
|-------|------------------|------------------|
|       | LVL              | LVL              |
| 1 USD | 0.531            | 0.544            |
| 1 EUR | 0.702804         | 0.702804         |
| 1 LTL | 0.20400          | 0.20400          |
| 1 SEK | 0.0816           | 0.0782           |

### **Provisions**

A provision is recognized if, as a result of past event, the Company or the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. As at 31 December 2012 and 31 December 2011 the Company and the Group have created provisions for unused vacations, bonuses.

#### **Short-term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus of profit sharing plans if the Company or the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### **Intangible assets**

Intangible assets, which are acquired by the Company or the Group, are stated at cost less accumulated amortisation and impairment losses. Acquired computer software licenses are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. Amortisation is calculated on a straight-line basis over its useful life, applying the following rates set by the management:

|          | <b>% per annum</b> |
|----------|--------------------|
| Licences | 20-33              |
| Software | 20-35              |

#### **Property and equipment**

Property and equipment are recorded at historical cost net of accumulated depreciation and impairment losses, if any. Depreciation is calculated on a straight-line basis to write down each asset to its estimated residual value over its estimated useful life using following rates set by management:

|                  | <b>% per annum</b> |
|------------------|--------------------|
| Office equipment | 20-35              |
| Computers        | 35                 |
| Vehicles         | 20                 |
| Others           | 20                 |

Repairs and maintenance are charged to the profit and loss during the period in which they are incurred. The cost of major renovation is included in the carrying amount of the asset and is depreciated over the remaining useful life of the related asset.

Leasehold improvements are amortised on a straight-line basis over the shorter of estimated useful life of the leasehold improvement and the term of the lease.

Gains or losses on disposals are determined by comparing carrying amounts with proceeds and are charged to the profit and loss account during the period in which they are incurred/ earned.

The useful lives, depreciation rates and method of depreciation are reviewed at each financial reporting date.

#### **Investments in subsidiaries**

Subsidiaries are entities controlled by the Company or the Group. Control exists when the Company or the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. The financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

The Company holds an investment in its subsidiary UniCredit Broker SIA carried at cost of LVL 10 600.

#### **Dividends**

Proposed dividends are recognised in the financial statements only when approved by the shareholders.

#### **Reposessed assets**

As part of the normal course of business the Company from time to time takes possession of assets that originally were leased out under finance lease terms. When the Company acquires (i.e. gains full title to) an asset in this way, the asset is not accounted for separately; however the debt is offset or reduced by the value of the asset. The residual is impaired completely and the debt still exist legally.

#### **Share-based payment transactions**

The fair value of options, as at grant date, granted to employees is recognized as an employee expense, with a corresponding increase in other comprehensive income, over the period in which the employees become unconditionally entitled to the options. The amount recognised as an expense is adjusted so, that the amount ultimately recognized as an expense is based on the number of share options that do meet the related service and non-market performance conditions at the vesting date.

The fair value of the amount payable to employees in respect of share appreciation rights that are settled in cash is recognised as an expense with a corresponding increase in liabilities, over the period in which the employees become unconditionally entitled to payment. The liability is remeasured at each reporting date and at settlement date. Any changes in the fair value of the liability are recognized as personnel expenses in profit and loss

Stock Options: the fair value are measured by applying the "Hull and White" model. This model is based on a trinomial tree price distribution using the Boyle's algorithm and estimates the early exercise probability on the basis of a deterministic model connected to:

- reaching a market share value equals to an exercise price multiple;
- probability beneficiaries' early exit after the end of the vesting period.

Performance Shares are a type of stock option plans with equity-settled share-based payments. The fair value is equal to the market price of the share minus the present value of dividends not allocated in the period running from the grant date to the share settlement date.

#### **Recognition of forfeiting transactions**

Selected lease receivables under finance lease and operating lease contracts are forfeited to UniCredit Bank AS - the rights to the lease receivables under the selected agreements are sold to UniCredit Bank AS Estonian Branch. After the forfeiting, the Company administers the forfeited lease agreements. The revenues from the forfeiting deals, except for the residual value of the respective forfeited property and equipment, is recognised as accounts payable on forfeited deals in the statement of financial position. The deferred income from forfeiting deals is recognised in the profit and loss account on a straight-line basis over the remaining lease term after the forfeiting transaction has been performed. As at 31 December 2012 accounts payable for forfeited deals amount to LVL 383 373 (2011: LVL 424 658).

#### **Impairment**

##### **Financial assets**

At each reporting date the Company and the Group assess whether there is objective evidence that financial assets not carried at fair value through profit or loss are impaired. Financial assets are impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset, and that the loss event has an impact on the future cash flows of the asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a borrower, restructuring of a loan or advance by the Company or the Group on terms that the Company or the Group would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

The Company and the Group consider evidence of impairment for leases at both a specific asset and collective level. All individually significant leases are assessed for specific impairment. All individually significant leases found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Leases that are not individually significant are collectively assessed for impairment by grouping together leases with similar risk characteristics.

In assessing collective impairment the Company and the Group use statistical modelling of historical trends of the probability of default, timing of recoveries and the amount of loss incurred, adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical modelling. Default rates, loss rates and the expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate.

Impairment losses on assets carried at amortised cost are measured as the difference between the carrying amount of the financial asset and the present value of estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognised in income statement and reflected in an allowance account against loans and advances. Interest on the impaired asset continues to be recognised through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through income statement.

##### **Non-financial assets**

The carrying amounts of the Company's and the Group's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of goodwill, if any, is estimated at each reporting date.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups. Impairment losses are recognised in income statement. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

#### **Calculation of recoverable amount**

The recoverable amount of the Company's and the Group's loans and finance lease and other receivables is calculated as the present value of expected future cash flows, discounted at the original effective interest rate inherent in the asset.

#### **Taxes**

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Corporate income tax at the rate of 15% is calculated in accordance with Latvian tax regulations and is based on the taxable profit reported for the taxation period.

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries to the extent that they probably will not reverse in the foreseeable future. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### **Cash and cash equivalents**

Cash and cash equivalents include notes and coins on hand, unrestricted balances held with banks and highly liquid financial assets with original maturities of less than three months, which are subject to insignificant risk of changes in their fair value, and are used by the Company and the Group in the management of short-term liabilities and commitments.

#### **Related parties**

A related party is a person or entity that is related to the entity that is preparing its financial statements (referred to in IAS 24 Related Party Disclosures as the "reporting entity").

a) A person or a close member of that person's family is related to a reporting entity if that person:

- i) has control or joint control over the reporting entity;
- ii) has significant influence over the reporting entity; or
- iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.

b) An entity is related to a reporting entity if any of the following conditions applies:

- i) The entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- iii) Both entities are joint ventures of the same third party.
- iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

v) The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.

vi) The entity is controlled, or jointly controlled by a person identified in (a).

vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Related parties are defined as Company's shareholders, corporate members of the UniCredit Group, members of the Board of Directors, their close relatives and companies in which have a significant influence or control. The ultimate parent company of the Company and the Group is UniCredit Global Leasing S.p.A.

## UNICREDIT LEASING SIA COMPANY SEPARATE AND GROUP CONSOLIDATED ANNUAL REPORT FOR 2012

### **Risk and risk management**

The Company's and the Group's activities expose it to a variety of financial risks, including credit risk, liquidity risk, currency risk and interest rate risk. The Company's and the Group's management seeks to minimize potential adverse effects of financial risk on the financial performance of the Company and the Group. The management of the Company's and the Group's risks includes basic principles and provisions for the identification, evaluation, prevention and effective management of risks.

#### *Currency risk*

Currency risk is defined as a risk arising from the differences in the currency structure of the Company's and the Group's assets and liabilities. Changes in currency exchange rates cause changes in the value of assets and liabilities as well as the amount of revenue and expenses calculated in local currency.

The Company and the Group take on exposure to the effects of fluctuations in foreign currency exchange rates on its financial position and cash flows. The Company and the Group seek to match assets, liabilities and memorandum items denominated in foreign currencies in order to avoid significant foreign currency exposures. The LVL is currently pegged to the Euro. Changes in government policy on the peg, if any, would increase the foreign currency risk.

A 20 percent strengthening of the lat against the following currencies as at 31 December would have increased (decreased) net profit by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2012 and 2011.

A 20 percent depreciation of the lat against the below currencies at 31 December would have had the equal but opposite effect on the below currencies to the amounts shown below, on the basis that all other variables remain constant.

|                             | <b>Total comprehensive<br/>income 2012</b> | <b>Total comprehensive<br/>income 2011</b> |
|-----------------------------|--------------------------------------------|--------------------------------------------|
|                             | <b>LVL</b>                                 | <b>LVL</b>                                 |
| <b>Company, 31 December</b> |                                            |                                            |
| USD                         | (19 076)                                   | (15 775)                                   |
| EUR                         | (406 422)                                  | (217 911)                                  |
| LTL                         | 17 128                                     | 57 110                                     |
| <b>Group, 31 December</b>   |                                            |                                            |
| USD                         | (19 076)                                   | (15 775)                                   |
| EUR                         | (409 051)                                  | (219 633)                                  |
| LTL                         | 17 128                                     | 57 110                                     |

Currency analysis of Company's and Group's financial assets and financial liabilities are disclosed in Note 32.

#### *Interest rate risk*

Interest rate risk ("IRR") is defined as a risk of sudden unfavourable changes in interest rates that might affect the revenue generated by the Company and the Group. The risk arises because of the differences in the maturity terms of the Company's and the Group's assets and liabilities, or because of the adjustment of the interest rates thereof on a regular basis. Interest risk management includes analysis and management of the interest risk of all of the Company's and Group's assets and liabilities.

The following demonstrates the sensitivity to reasonably possible changes in the interest rates of the Company's and the Group's income statement. The analysis assumes that all other variables, in particular foreign currency rates, remain constant.

The sensitivity of the income statement is the effect of the assumed changes in the interest rates on the net interest income for one year, following the balance sheet date, based on the floating rate non-trading financial assets and financial liabilities held at 31 December 2012 and 31 December 2011.

There were no financial instruments held by the Company and the Group as at 31 December 2012 and 31 December 2011, for which there would be any effect on other comprehensive income resulting from changes in interest rates.

## UNICREDIT LEASING SIA COMPANY SEPARATE AND GROUP CONSOLIDATED ANNUAL REPORT FOR 2012

An increase and decrease of the interest rates by 100 basis points would result in the following change to the income statement, the effect on the other comprehensive income would be the same:

| Company                  | Net income<br>2012<br>LVL | Other comprehensive<br>income<br>2012<br>LVL | Net income<br>2011<br>LVL | Other comprehensive<br>income<br>2011<br>LVL |
|--------------------------|---------------------------|----------------------------------------------|---------------------------|----------------------------------------------|
| 100 bp parallel increase | (36 674)                  | (36 674)                                     | (6 460)                   | (6 460)                                      |

Repricing maturity analysis showing the earlier of the interest rate contracted re-pricing dates or contractual maturity of financial assets and financial liabilities is disclosed in Note 31.

### *Credit risk*

The Company and the Group take on exposure to credit risk, which is the risk that the counterparty will be unable to pay amounts when due. The Company and the Group structure the levels of credit risk undertaken by placing limits on the amount of risk accepted in relation to one borrower, or groups of related borrowers, and to industry segments. Such risks are monitored on a regular basis and are subject to monthly, quarterly and annual reviews. The Company and the Group have strict limits set in respect of different levels of authorisation for lease approvals together with approvals of any changes in the existing lease contracts.

Credit risk exposures are monitored through regular assessments of the borrowers' ability to meet interest payments and principal repayments and changing the limits set as appropriate.

For the proper risk mitigation techniques implementation, the Company and the Group have developed a set of credit policies and guidelines for the management of credit exposures and the Company's and the Group's credit policy establishes:

- Procedures for review and approval of loan/ credit applications;
- Methodology for the credit assessment of borrowers;
- Methodology for the assessment of counterparties, appraisal and insurance companies;
- Methodology for the evaluation of collateral;
- Credit documentation requirements;
- Procedures for the ongoing monitoring of loans and other credit exposures.

These policies include the provisions of necessity to pay attention to such important factors when analyzing the lessee as external ratings, if available, bank references and similar. In order to satisfy the credit process successfully, each particular deal has to be in compliance with the benchmarks set by the credit policies and other methodological documentation.

### *Liquidity risk*

Liquidity risk arises in the general funding of the Company's and the Group's activities and in the management of positions. It includes both the risk of being unable to fund assets at appropriate maturities and rates and the risk of being unable to liquidate an asset at a reasonable price and in an appropriate time frame.

The Company and the Group pursue liquidity risk management, maintaining sufficient credit resources to allow the settlement of liabilities when they fall due. Therefore, management of the Company and the Group considers that the Company and the Group will have cash resources and its liquidity will not be endangered.

Financial liabilities by maturity profile are disclosed in Note 33.

### *Capital management*

There are no capital regulatory requirements for leasing companies in Latvia; however, capital adequacy and the use of capital are monitored by the Company's and the Group's shareholders management centrally.

The Company's and the Group's policy is to support the Company's and the Group's ability to operate on a going concern basis so that it can provide return of shareholders when the leasing market conditions improve; to maintain the strong capital base to support the development of its business.

*Maximum credit risk*

The table below shows the maximum credit risk for the components of the statement of the financial position, including derivatives. Credit risk exposure is disclosed based on subjected to credit risk net carrying amount of statement of financial position items less doubtful loans and receivables.

**Maximum credit risk exposure**

| UniCredit Leasing S.p.A. | 95%               | 95%               |
| <b>Total</b>             | <b>100%</b>       | <b>100%</b>       |

**Statutory reserve**

The statutory reserve of LVL 448 000 represents distributable reserve, which were received from the shareholders in 2002 as a subsidy with the purpose of increasing shareholders' equity.

**UNICREDIT LEASING SIA COMPANY SEPARATE AND GROUP CONSOLIDATED ANNUAL REPORT FOR 2012**

Notes (continued)

**(20) PROVISIONS**

Share options reserve of LVL 31 612 (2011: LVL 16 768) is attributed to an incentive plan based on UniCredit S.p.A shares (stock options and performance shares) recognized as an expense with a corresponding increase in liabilities, over the period at which the employees become unconditionally entitled to payment.

According to UniCredit Group Long-Term Incentive Plan of 2012, the Chairman of the Board has stock options in amount of 12 365 shares with vesting period to June 2012 and 29 905 shares with vesting period to December 2013, and performance shares in amount of 2 394 shares with vesting period to December 2013. Other employees have stock options in amount of 4 000 shares with vesting period to December 2014.

| <b>Deferred tax liability</b>      | <b>-</b>                        | <b>-</b>                      | <b>-</b>                        | <b>-</b>                      |

There are no other comprehensive income items subject to deferred tax. Deferred tax assets occur mainly due impairment allowance. Due to prudence principle and uncertainty whether the Company and the Group will be able to recover all impaired loans or treat them as a deductible expense, deferred tax asset is not recognised.

**(22) TRADE PAYABLES**

Trade payables as at 31 December 2012 for the Company amount to LVL 1 669 721 (2011: LVL 2 370 256), as at 31 December 2012 and for the Group - LVL 1 671 589 (2011: LVL 2 372 016). There are no overdue trade payables for the Company and the Group as at 31 December 2012 and 2011.

**(30) FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES**

The Company and the Group have no financial instruments at fair value through profit or loss or available-for-sale securities.

The estimated fair values of all other financial assets and liabilities are calculated using discounted cash flow techniques based on estimated future cash flows and discount rates for a similar instrument at 31 December 2012. Since the absolute majority of lease portfolio is financed on floating interest rate basis, the company is not exposed to any fair value fluctuations - the book value is considered to approximate fair value.

The estimates of fair value are intended to approximate the amount for which a financial instrument could be exchanged between knowledgeable, willing parties in an arm's length transaction. However, given the uncertainties and the use of subjective judgment, the fair value should not be interpreted as being realisable in an immediate sale of the assets or settlement of liabilities.

The estimated fair values of all financial instruments of the Company and the Group approximate their carrying values at 31 December 2012 and 2011, as all interest-free amounts are short term and market rates are applied to financial assets with longer maturities.

Notes (continued)

## (31) REPRICING MATURITY OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

The following table shows the earlier of the interest rate contracted re-pricing dates or contractual maturity of financial assets and financial liabilities of the Company as at 31 December 2012.

| Company                                                       | 1 month          | 1-3 months         | 3-6 months    | 6-12 months    | 1-5 years       | Non-interest bearing | Total              |

## **Independent Auditors' Report**

### **To the shareholders of UniCredit Leasing SIA**

#### **Report on the Separate and Consolidated Financial Statements**

We have audited the accompanying separate financial statements of UniCredit Leasing SIA ("the Company"), which comprise the separate statement of financial position as at 31 December 2012, separate income statement, separate statement of comprehensive income, separate statement of changes in shareholders' equity and separate statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 5 to 51. We have also audited the accompanying consolidated financial statements of UniCredit Leasing SIA and its subsidiary ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2012, consolidated income statement, consolidated statement of comprehensive income, consolidated statement of changes in shareholders' equity and consolidated cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 5 to 51.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these separate and consolidated financial statements in accordance with International Financial Reporting Standards as adopted by the EU and for such internal controls as management determines are necessary to enable the preparation of these financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on these separate and consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether these financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate and consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of these financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the Company's and Group's preparation and fair presentation of these financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's and Group's internal controls. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of accounting estimates made by Company's and Group's management, as well as evaluating the overall presentation of the separate and consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

*Opinion*

In our opinion, the separate financial statements give a true and fair view of the financial position of UniCredit Leasing SIA as at 31 December 2012, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of UniCredit Leasing SIA and its subsidiary as at 31 December 2012, and of the consolidated financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the EU.

**Report on Other Legal and Regulatory Requirements**

In addition, our responsibility is to assess whether the accounting information included in the Report of Management Board as set out on page 4, the preparation of which is the responsibility of the Management, is consistent with the consolidated financial statements. Our work with respect to the management report was limited to the aforementioned scope and did not include a review of any information other than drawn from the consolidated financial statements. In our opinion, the management report is consistent with the consolidated financial statements.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

**Juhatuse aruanne**

**Põhitegevus**

UniCredit Leasing SIA (edaspidi: äriühing) on kontserni UniCredit Group liige. Äriühing on tegutsenud Läti turul 1999. aastast saadik. Äriühing pakub tooteid varade finantseerimiseks (kapitali- ja kasutusrent) Lätis, Leedus ja Eestis.

Äriühingu konsolideeritud majandusaasta aruanne on koostatud 14. jaanuaril 2008 asutatud tütarettevõtte SIA UniCredit Insurance Broker (edaspidi: tütarettevõtte; koos äriühinguga: kontsern) konsolideerimise teel. Tütarettevõtte osutab kindlustusmaakleri teenuseid, mille eesmärgiks on pakkuda äriühingule ja selle klientidele lisaväärtust ning minimeerida võimalikke riske, mis on seotud kindlustamata liisingusesemetega.

**Äriühingu tulemused aruandeaastal**

Hoolimata jätkuvast üleilmsest majanduskriisist, jätkasid äriühing ja kontsern 2012. aastal tegevust kontserni UniCredit Leasing suuniste kohaselt. Tänu usaldusväärsetele juhtimistavadele õnnestus äriühingul ja kontsernil 2012. aastal jätkata olemasoleva liisinguportfelli suurendamist enam kui 10% võrra (2011. aastaga võrreldes) ning samal ajal säilitada uute liisingutehingute kvaliteeti. Nimetatud areng peegeldub äriühingu ja kontserni puhaskasumis, mis on 2011. aastaga võrreldes kasvanud vastavalt 71% ja 74% võrra.

Selle tulemusel on äriühing 2012. aastal oma 17% turuosaga säilitanud ühe juhtpositsioonidest Läti turul. Äriühing ja kontsern tugevdasid samuti oma arengupositsiooni Baltimaades, jätkates Eestis Tallinnas ja Leedus Vilniuses filiaalide arendamist, mis on 2012. aastal oluliselt suurendanud klientide ja partnerite hulka naabruses asuvates Balti riikides.

Kuigi liisinguturu tingimused olid 2012. aastal veel ebasoodsad, oli äriühingu ja kontserni jätkuva tähelepanu all pakutavate toodete ja osutatavate teenuste kvaliteet, samuti tootearenduse erisused, eriti rohelises valdkonnas, aktiivne osalemine CO<sub>2</sub>-säästlikes tehnoloogiates ja nende rahastamises alates nullheitega sõidukitest ning lõpetades suurte fotogalvaanilise energia tootmise rajatistega. Äriühing oli jätkuvalt innovaatiliste tehnoloogiate ja finantsteenuste juhtiv pakkuja Baltimaades. Näitena võib esile tõsta Euroopa Investeerimisfondi (Jeremie) esimese Baltimaade ühisliisinguprojekti, mis on suunatud kohaliku majanduse arendamisele VKE sektori toetamise kaudu.

**Finantsriski maandamine**

Äriühingu tegevus on avatud mitmetele finantsriskidele, sealhulgas krediidiriskile, valuutariskile, intressimäära riskile ja likviidsusriskile. Äriühingu juhtkond püüab minimeerida finantsriski võimalikke kahjulikke mõjusid äriühingu finantstulemustele. Äriühingu riskide juhtimine hõlmab riskide tuvastamiseks, hindamiseks, vältimiseks ning tõhusaks juhtimiseks kehtestatud põhimõtteid ja muid õigusnorme.

Krediidiriskiga seoses on äriühing heaks kiitnud konservatiivsed ja mõistlikud krediidipõhimõtted, mis tuginevad kontserni UniCredit Group krediidipõhimõtete ja suuniste raamistikule, kuid samas on arvestatud ka kohaliku turu eripärasid. Praegu järgitakse äriühingus kehtestatud põhimõtet, et koostööd tehakse vaid usaldusväärse krediidi ajalooga liisingu võtjatega ja et igale kliendile määratud krediidilimiit ei ületata.

Äriühing on avatud erinevatele valuutariskidele eelkõige põhjusel, et enamuse äriühingu võetud laenudest on fikseeritud eurodes, kusjuures äriühingu kasutusrendiportfell arvestatakse liisitud vara kajastamise hetkel ümber Läti latti. Äriühingu eesmärk on viimastel aastatel olnud selle riski viimine miinimumini ja eurodes tehtavate tehingute arvu jälgitakse hoolikalt. Selle tulemusel on nimetatud kasutusrenditehingute osakaal kaduvväike.

Äriühingu võetud laenudel on muutuvad intressimäärad. Äriühingu juhtkond vähendab intressimäära riski mõju liisingutoodete müümisel nii, et võetud laenu intressimäära liik viiakse vastavusse lõppkliendile pakutava rahastamisvahendi intressimäära liigiga.

Äriühing püüab juhtida likviidsusriski piisavate krediidiressursside säilitamise teel, et olla suuteline kohustusi õigeaegselt täita. Seepärast leiab äriühingu juhtkond, et äriühing saab piisavalt raharessursse ning selle likviidsus ei ole ohus.

**Juhatuse ettepanek kasumi jaotamise kohta**

Juhatus teeb äriühingu osanikele ettepaneku kinnitada majandusaasta raamatupidamise aastaaruanne järgmiste andmetega: äriühingu ja kontserni koguvara vastavalt 176 738 005 Läti latti ja 176 767 765 Läti latti ning puhaskasum vastavalt 1 242 721 Läti latti ja 1 266 110 Läti latti. Aasta kasumit summas 1 242 721 Läti latti tuleks kasutada äriühingu omakapitali suurendamiseks.

## UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA ARUANNE

### **Konsolideeritud raamatupidamise aastaaruande lisad**

#### **ÜLDTEAVE**

Konsolideeritud raamatupidamise aastaaruanne koosneb UniCredit Leasing SIA, asukoht Mūkusalas 41, Riia LV-1004, Läti Vabariik, ning selle Eestis ja Leedus asuvate filiaalide (edaspidi: äriühing) ning tütarettevõtte UniCredit Insurance Broker SIA, asukoht Mūkusalas 41, Riia LV-1004, Läti Vabariik, ja selle Eestis asuva filiaali (edaspidi koos: kontsern) raamatupidamise aastaaruannetest.

Konsolideerimata raamatupidamise aastaaruanne koosneb UniCredit Leasing SIA, asukoht Mūkusalas 41, Riia LV-1004, Läti Vabariik, ning tema Eestis ja Leedus asuvate filiaalide (edaspidi: äriühing) raamatupidamise aastaaruannetest.

Läti turul 1998. aastast saadik tegutsenud UniCredit Leasing SIA on kontserni UniCredit Group liige. Äriühing pakub tooteid varade finantseerimiseks (kapitali- ja kasutusrent) Lätis, Eestis ja Leedus.

Äriühingu osanikud on UniCredit Global Leasing S.p.A., kellele kuulub 95% osakapitalist, ja AS UniCredit Bank, kellele kuulub 5% osakapitalist. Äriühingu üle oli täielik kontroll seisuga 31. detsember 2012 ja 2011 äriühingul UniCredit S.p.A., mis on börsil noteeritud.

#### **KOOSTAMISE ALUSED**

##### **Vastavuse kinnitus**

Äriühingu ja kontserni konsolideeritud ja konsolideerimata raamatupidamise aastaaruanne on koostatud Euroopa Liidus kehtivate rahvusvaheliste finantsaruandluse standardite (IFRS) kohaselt.

Juhatus kinnitas konsolideeritud ja konsolideerimata raamatupidamise aastaaruande 12. märtsil 2013. Osanikel on õigus juhtkonna koostatud ja esitatud raamatupidamise aastaaruanne tagasi lükata ning nõuda uue raamatupidamise aastaaruande koostamist.

##### **Hindamisalused**

Äriühingu ja kontserni konsolideerimata ja konsolideeritud raamatupidamise aastaaruanne on koostatud soetusmaksumuse põhimõttel. Seisuga 31. detsember 2012 ja 31. detsember 2011 ei ole äriühingul ega kontsernil läbi kasumiaruande õiglasest väärtusest kajastatavaid finantsinstrumente ega müügivalmis varasid.

##### **Konsolideerimise alused**

Kontserni konsolideeritud raamatupidamise aastaaruandes on tütarettevõtted need ettevõtted, mida äriühing kontrollib. Äriühingul on otsene või kaudne kontroll tütarettevõtte üle siis, kui tal on võimalik mõjutada ettevõtte finants- ja tegevuspõhimõtteid, et saada selle tegevusest kasu. Tütarettevõtete raamatupidamise aastaaruanne on lisatud konsolideeritud raamatupidamise aastaaruandesse alates kontrolli tegelikust alguskuupäevast kuni kontrolli tegeliku lõppemise kuupäevani.

Kontsernisisesed tehinguid ja kontsernisestest tehingutest tulenevat realiseerimata kasumit ei ole konsolideerimisel arvesse võetud. Realiseerimata kahjumit pole samuti arvesse võetud, ent see kahjum jäetakse kõrvale määral, mille puhul puuduvad tõendid väärtuse languse kohta.

##### **Arvestus- ja esitusvaluuta**

Raamatupidamise aastaaruanne on koostatud äriühingu ja kontserni arvestusvaluutas – Läti lattes (LVL), välja arvatud juhul, kui aruandes on märgitud teisiti. Leedu ja Eesti filiaalide arvestusvaluuta on vastavalt litid ja eurod.

##### **Hinnangute ja otsuste kasutamine**

ELi kehtestatud IFRSile vastava raamatupidamise aastaaruande koostamiseks peab juhtkond langetama otsuseid, andma hinnanguid ja tegema oletusi, mis mõjutavad arvestuspõhimõtete rakendamist ning kajastatud varasid ja kohustusi, tulusid ja kulusid. Hinnangud ja nende seotud oletused tuginevad varasematele kogemustele ja muudele teguritele, mida peetakse asjaolusid arvestades mõistlikuks ja mis on aluseks varade ja kohustuste bilansilise jääkmaksumuse kajastamist puudutavatele otsustele olukordades, kus väärtust ei ole võimalik muude allikate põhjal kindlaks määrata. Tegelikud tulemused võivad neist hinnangutest erineda.

Hinnanguid ja nende aluseks olevaid oletusi vaadatakse läbi jooksvalt. Raamatupidamise kohta antud korrigeeritud hinnanguid kajastatakse perioodil, mil hinnangut korrigeeritakse, kui korrigeerimine puudutab üksnes vastavat perioodi, või korrigeerimise perioodil ja tulevastel perioodidel, kui korrigeerimine puudutab nii jooksvat perioodi kui ka tulevase perioodi.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

*Peamised hindamise ebakindluse allikad ja peamised otsustusvaldkonnad on järgmised.*

**(i) Finantsvara väärtuse langus**

**Kapitalirenditehingutesse, antud laenuksesse ja ostjate vastu tekkinud nõuetesse tehtud investeeringute allahindlusreserv**

Konkreetsed allahindlusreserv kohaldatakse finantsvaradele, mida on väärtuse langusega seoses eraldi hinnatud ja mis põhinevad juhtkonna parimal hinnangul eeldatavasti laekuvate rahavoogude nüüdisväärtuse kohta. Neid rahavoogusid hinnates teeb juhtkond otsuseid vastaspoole finantsseisundi ja tagatise netorealiseerimismaksumuse kohta. Iga langenud väärtusega vara hinnatakse eraldi ning kaetavaks peetavate rahavoogude väljatöötatud strateegia ja hinnangu kiidab heaks krediidiriski üksus.

Ühiselt hinnatud allahindlusreserv hõlmab krediidikahju, mis on omane sarnase krediidiriski omadustega laenude ja liisingute portfellile, kui objektiivsed tõendid viitavad sellele, et need sisaldavad allahinnatud laene, kuid eraldi allahinnatud kirjeid ei ole veel võimalik tuvastada. Kahjust tuleneva ühisallahindluse vajaduse hindamisel kaalub juhtkond selliseid tegureid nagu krediitikvaliteet, portfelli suurus, kontsentratsioon ja majandusnäitajad. Vajaliku allahindluse hindamiseks tehakse oletusi, et määrata kindlaks, kuidas asjakohased kahjud on tekkinud, ja kinnitada nõutavad sisendi parameetrid, mis põhinevad varasematel kogemustel ja praegustel majandustingimustel. Allahindluse täpsus oleneb tulevaste rahavoogude hinnangutest konkreetse vastaspoole allahindluse puhul ning näidisolemustest ja -parameetritest, mida on kasutatud ühisallahindluse kindlaksmääramisel.

**(ii) Mitterahalise vara väärtuse langus**

**Kasutusrendi varade väärtuse langus**

Äriühingu mitterahaliste varade bilansilist jääkmaksumust, välja arvatud kinnisvarainvesteeringuid, maad ja ehitisi, mida kajastatakse varade all, ja edasilükkunud maksude ettemakseid ja tagasinõudeid, analüüsitakse igal aruande kuupäeval, et teha kindlaks, kas esineb märke vara väärtuse langusest. Selliste märkide olemasolu korral hinnatakse vara kaetavat väärtust. Firmaväärtuse kaetavat väärtust hinnatakse igal aruande kuupäeval.

Väärtuse langusest tulenevat kahjumit kajastatakse siis, kui vara bilansiline jääkmaksumus või selle rahavoogusid genereeriv üksus ületab selle kaetava väärtuse. Rahavoogusid genereeriv üksus on väikseim eristatav varagrupp, mis genereerib rahavoogusid, mis on muudest varadest ja varagruppidest suuresti sõltumatud. Väärtuse langusest tulenevat kahjumit kajastatakse koondkasumiaruandes. Rahavoogusid genereerivate üksuste väärtuse langusest tulenevat kahjumit kasutatakse kõigepealt üksustele määratud firmaväärtuse bilansilise jääkmaksumuse vähendamiseks ning seejärel üksuse (üksuste grupi) muude varade bilansilise jääkmaksumuse proportsionaalseks vähendamiseks.

Vara või rahavoogusid genereeriva üksuse kaetav väärtus on vara või rahavoogusid genereeriva üksuse kasutusväärtus või õiglane väärtus (olenevalt sellest, kumb on suurem), millest on maha arvatud müügikulud. Kasutusväärtuse hindamisel diskonteeritakse prognoositud rahavood nüüdisväärtuseni, kasutades maksueelset diskonteerimismäära, mis peegeldab turu hetkehinnangut raha ajaväärtuse suhtes ja varaga seotud spetsiifilisi riske.

Firmaväärtuse langusest tulenevat kahjumit ei storneerita. Muude varade osas hinnatakse eelnevatel perioodidel kajastatud väärtuse langusest tulenevat kahjumit igal aruande kuupäeval, et leida märke sellest, kas kahjum on vähenenud või üldse kadunud. Väärtuse langusest tulenev kahjum storneeritakse, kui kaetava väärtuse määramiseks kasutatavates hinnangutes on toimunud muutusi. Väärtuse langusest tulenev kahjum tühistatakse üksnes vara bilansilise jääkmaksumuse ulatuses, mis ei ületa bilansilist jääkmaksumust, millest on maha arvatud kulum ja amortisatsioon ning mis oleks määratud, kui väärtuse langusest tulenevat kahjumit ei oleks kajastatud.

**(iii) Edasilükkunud maksude ettemaksete ja tagasinõuete kajastamine**

Edasilükkunud maksude ettemakseid ja tagasinõudeid kajastatakse ulatuses, mille puhul on tõenäoline maksustatava kasumi teke, millega saab mahaarvamisele kuuluvad ajutised erinevused tasaarveldada.

**(iv) Eraldise kajastamine**

Eraldised moodustatakse kohustustele, kui on tõenäoline, et minevikus toimunud sündmusest on tulenenud juriidiline või faktiline kohustus ja selle summat on võimalik usaldusväärselt hinnata. Juhtkond hindab kahju tekkimise tõenäosust oma otsustusvõime kohaselt. Kahju summa hindamine eeldab juhtkonnalt otsustusvõimet õige arvestusmudeli valimisel ning konkreetse kahjuriskiga seonduvate oletuste tegemist.

**(v) Rendilepingute liigitamine**

Rendilepingute liigituse määramisel tuleks arvestada ainult renditud vara omandiõigusega kaasnevate riskide ja hüvede jagunemist rendiperioodi vältel. Asjaomased riskid on ka kasutamata tootmisvõimsusest, vananenud tehnoloogiast ja vara väärtuse langusest tulenevad võimalikud kahjud; asjaomaste hüvede hulka võivad kuuluda kasum vara väärtuse kasvust või jääkväärtuse realiseerimine rendiperioodi lõpus. Ning vastupidi, renditud vara omandiõigusega rendiperioodi vältel ei kaasne vara valmistamisega seotud riskid, mis tekivad enne vara valmistamist finantseeriva liisingulepingu jõustumist, ning renditud varaga teenuste osutamise kulud ning meie arvates ei tuleks neile rendilepingu liigitamise hindamisel üldiselt tähelepanu pöörata. Rendilepingu liigitus määratakse rendilepingu alguses ning seda ei tohi muuta, välja arvatud juhul, kui rendilepingut muudetakse.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

**UUED STANDARDID JA TÕLGENDUSED, MIDA EI OLE VEEL KOHALDATUD**

Järgmised uued standardid ja tõlgendused ei ole 31. detsembril 2012 lõppenud aruandeaasta seisuga veel kehtima hakanud ja neid ei ole käesoleva raamatupidamise aastaaruande koostamisel kasutatud.

IFRS 7 ja IAS 32 „Finantsvarade ja finantskohustuste tasaarvestamine” muudatused.

IFRS 7 „Avalikustatav teave” muudatused (kohaldatakse aruandeaastatele, mis algavad 1. jaanuaril 2013 või hiljem; kohaldatakse tagasiulatuvalt) sisaldavad uusi avalikustamiskohtade finantsvarade ja -kohustuste kohta, mis tasaarvestatakse finantsseisundi aruandes või mille suhtes kehtib tasaarvelduste raamkokkulepe või muu sarnane kokkulepe.

IAS 32 muudatused (kohaldatakse aruandeaastatele, mis algavad 1. jaanuaril 2014 või hiljem; kohaldatakse tagasiulatuvalt) selgitab, et (majandus)üksusel on hetkel kasutatav juriidiliselt rakendatav õigus kajastatud summasid tasaarvestada, kui see õigus ei sõltu mingist sündmusest tulevikus ning ei ole rakendatav ei tavapärase äritegevuse käigus ega juhul, kui (majandus)üksus ja kõik vastaspoolde ei täida oma kohustusi või muutuvad maksejõuetuks või pankrotistuvad. Äriühingu ja kontserni hinnangul ei mõjuta muudatused raamatupidamise aastaaruannet, kuna äriühing ega kontsern ei tasaarvesta oma finantsvarasid ega finantskohustusi ega ole sõlminud tasaarvelduste raamkokkulepeid.

IFRS 10 „Konsolideeritud finantsaruanded”, IFRS 11 „Ühised ettevõtmised”. IFRS 12 „Muudes (majandus)üksustes olevate osaluste avalikustamine” (kohaldatakse aruandeaastatele, mis algavad 1. jaanuaril 2014 või hiljem; kohaldatakse tagasiulatuvalt). IFRS 10 loob ühtse mudeli, mida kohaldatakse kõigi investeerimisobjektide, sh (majandus)üksuste, kes on SIC-12 mõistes eriotstarbelised majandusüksused, kontrolli analüüsimisel. IFRS 10 kehtestab uued kontrolli hindamise nõuded, mis on olemasolevatest IAS 27 (2008) nõuetest erinevad. Ühtse kontrollimudeli alusel kontrollib investor investeerimisobjekti, kui:

- (1) ta on avatud või tal on õigused investeerimisobjektis osalemisest tulenevale muutuvale kasumile;
- (2) ta saab mõjuvõimu kaudu, mis tal on investeerimisobjekti üle, mõjutada seda kasumit; ning
- (3) mõjuvõimu ja kasumi vahel on seos.

Uus IFRS 10 sisaldab samuti avalikustamise nõudeid ning konsolideeritud finantsaruannete koostamisega seonduvaid nõudeid.

Uus IFRS 11 jagab ühised ettevõtmised kahte liiki, millest kummalgi on oma raamatupidamismudel:

- ühine äriüksus on ühine ettevõtmine, mille puhul on ettevõtmise üle ühist kontrolli omavatel osapooltel, keda nimetatakse ühisoperaatoriteks, õigused ettevõtmisega seotud varade suhtes ja kohustused ettevõtmisega seotud kohustiste suhtes.
- ühisettevõtte on ühine ettevõtmine, mille puhul on ettevõtmise üle ühist kontrolli omavatel osapooltel, keda nimetatakse ühisettevõtjateks, õigused ettevõtte netovara suhtes.

IFRS 11 käsitleb neid IAS 31 kohaselt ühiselt kontrollitavate majandusüksuste juhtumeid, mille puhul ühistegevuseks on olemas eraldi üksus, kuid eraldamine ei pruugi olla tegelik. Sellist ühistegevust käsitletakse sarnaselt ühiselt kontrollitavate varade/ühisettevõtmiste käsitlusele IAS 31 alusel ja seda nimetatakse nüüd ühiselt kontrollitavaks tegevuseks. IFRS 11 kaotab võimaluse valida kapitaliosaluse meetodi ja proportsionaalse konsolideerimise vahel, finantsaruannetes tuleb alati kasutada kapitaliosaluse meetodit.

IFRS 12 nõuab lisaandmete avaldamist oluliste hinnangute ja eelduste kohta, mille alusel kvalifitseeriti osalus teises majandusüksuses, ettevõtmises, tütarettevõtjates, ühisettevõtmistes ja sidusettevõtjates ning konsolideerimata struktureeritud üksustes. Äriühingu ja kontserni hinnangul ei mõjuta uued standardid finantsaruandeid oluliselt.

Muudetud IAS 1 „Finantsaruannete esitamine: muu koondkasumi kirjade esitamine” (rakendatakse alates majandusaastastest, mis algavad 1. juulil 2012 või pärast seda, ja kohaldatakse tagasiulatuvalt). Muudatustega

- nõutakse, et need muu koondkasumi kirjed, mis võidakse tulevikus liigitada ümber kasumiks või kahjumiks, esitataks eraldi kirjetest, mida kunagi kasumiks või kahjumiks ümber ei liigitata. Kui muu koondkasumi kirjed esitataks enne nendega seotud maksumõjusid, tuleb näidata kõigi vastavate kirjetega seotud tulumaksu kogusumma;
- pealkiri „Koondkasumiaruanne” asendatakse pealkirjaga „Kasumi- ja muu koondkasumi aruanne”. Samas on lubatud kasutada ka teisi pealkirju.

Nende muudatuste esmakordse rakendamise mõju sõltub konkreetsetest muu koondkasumi kirjetest esmakordse rakendamise kuupäeva seisuga. Kui äriühing ja kontsern hakkaksid muudatusi rakendama 1. jaanuarist 2012, siis kirjetena, mis võidakse tulevikus liigitada ümber kasumiks või kahjumiks, esitataks järgmised kirjed: 515 LVL, mis on kajastatud välisvaluuta ümberhindlusreservis, ja sellega seotud maksumõjud 515 LVL, mis on kajastatud muus koondkasumis. Muid koondkasumis kajastatud summasid ega kirjeid ei liigitata kunagi kasumiks või kahjumiks. Kui kontsern hakkaks muudatusi rakendama 1. jaanuarist 2012, siis kirjetena, mis võidakse tulevikus liigitada ümber kasumiks või kahjumiks, esitataks järgmised kirjed: 528 LVL, mis on kajastatud välisvaluuta ümberhindlusreservis, ja sellega seotud maksumõjud 528 LVL, mis on kajastatud muus koondkasumis. Muid koondkasumis kajastatud summasid ega kirjeid kasumiks või kahjumiks ei liigitata.

## **UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA ARUANNE**

Muudetud IAS 12 „Tulumaks – edasilükkunud tulumaks: alusvarade maksumuse katmine” (rakendatakse alates majandusaastastest, mis algavad 1. jaanuaril 2013 või pärast seda, ja kohaldatakse tagasiulatuvalt). Muudatustega tuuakse sisse ümberlükatav eeldus, et kinnisvarainvesteeringu bilansiline väärtus, hinnatuna õiglaselt väärtuses, kaetakse tulevikus müügi kaudu täies ulatuses. Juhtkonna kavatsus on asjakohane ainult siis, kui kinnisvarainvesteering on amortiseeritav ja seda hoitakse vastavalt ärimudelile, mille eesmärk on kasutada ära sisuliselt kogu varast selle eluea jooksul saadav majanduslik kasu. See on ainus juhtum, kui nimetatud eelduse saab ümber lükata. Need muudatused ei mõjuta äriühingu konsolideeritud finantsaruandeid, sest äriühingul ega kontsernil ei ole kinnisvarainvesteeringuid, mille hindamisel kasutatakse õiglase väärtuse meetodit IAS 40 kohaselt.

IAS 19 (2011) „Hüvitised töötajatele” (rakendatakse alates majandusaastastest, mis algavad 1. jaanuaril 2013 või pärast seda, ja kohaldatakse tagasiulatuvalt; kehtestatud on üleminekusätted). Muudatuse kohaselt tuleb kindlustusmatemaatiline kasum ja kahjum kajastada vahetult muus koondkasumis. Muudatus kaotab nn koridorimeetodi, mida varem kindlustusmatemaatilise kasumi ja kahjumi kajastamisel kasutati, ning võimaluse kajastada kõik muutused kindlaksmääratud hüvitiste kohustuses ja plaani varades kasumi või kahjumi all, mida IAS 19 praegu lubab. Samuti tuleb muudatuse kohaselt kajastada plaani varadelt oodatav tulu kasumi all või võtta kahjumi arvutamisel aluseks kindlaksmääratud hüvitiste kohustuse diskonteerimise määr. Muudatused ei mõjuta äriühingu ega kontserni finantsaruandeid, sest äriühingul ega kontsernil ei ole kindlaksmääratud hüvitistega plaane.

Muudetud IAS 27 (2011) „Konsolideerimata finantsaruanded” (rakendatakse alates majandusaastastest, mis algavad 1. jaanuaril 2014 või pärast seda) sisaldab väiksemaid täpsustusi. Standard ei käsitlen enam konsolideeritud finantsaruannete koostamise kontrollimist ja nõudeid, mis sisalduvad nüüd standardis IFRS 10 „Konsolideeritud finantsaruanded”.

IAS 28 (2011) „Investeeringud sidus- ja ühisettevõtetesse” (muudatusi rakendatakse alates majandusaastastest, mis algavad 1. jaanuaril 2014 või pärast seda, ja kohaldatakse tagasiulatuvalt). IAS 28 (2008) on vähesel määral muudetud järgmiselt.

- Müügiks hoitavad sidus- ja ühisettevõtted. IFRS 5 „Müügiks hoitavad põhivarad ja lõpetatud tegevusvaldkonnad” kohaldatakse sidus- või ühisettevõttesse tehtud investeeringu või selle osa suhtes, mis vastab müügiks hoitava vara kriteeriumitele. Investeeringu ülejäänud osa (mis ei ole liigitatud müügiks hoitava varana) suhtes kohaldatakse kapitaliosaluse meetodit kuni müügiks hoitava osa võõrandamiseni. Pärast võõrandamist arvestatakse võimalikku säilinud osalust kapitaliosaluse meetodil, kui see osalus on jätkuvalt käsitletav sidus- või ühisettevõtteks.
- Muudatused seoses osalustega sidus- ja ühisettevõtetes. IAS 28 (2008) ja IAS 31 nägid varem ette, et märkimisväärse mõju või ühise kontrolli lõppemisel tuleb järelejäädud osalus igal juhul ümber hinnata, isegi kui märkimisväärne mõju asendus ühise kontrolliga. IAS 28 (2011) kohaselt niisugustel juhtudel järelejäädud osalust investeeringus enam ümber ei hinnata.

Äriühingu ja kontserni hinnangul need standardi muudatused finantsaruandeid oluliselt ei mõjuta, sest äriühingul ja kontsernil ei ole sidus- või ühisettevõtetes investeeringud, mida need muudatused puudutaksid.

### **OLULISED ARVESTUSPÕHIMÕTTED**

#### **Renditehingud**

##### *Kapitalirent*

Kapitalirent on rent, mille puhul kõik vara omandiõigusega seonduvad riskid ja hüved lähevad olulises osas üle rentnikule. Omandiõigus võib, kuid ei pruugi lõppkokkuvõttes üle minna.

Kapitalirendi tingimustel renditud vara korral kajastatakse minimaalsete netorendimaksete nüüdisväärtust nõudena. Brutonõude ja nõude nüüdisväärtuse vahelist erinevust kajastatakse realiseerimata finantstuluna.

Täpsem teave kapitalirendi kajastamise kohta finantsinstrumendina, mis on liigitatud laenude ja nõuete alla, on esitatud finantsinstrumentide arvestuspõhimõtete osas.

##### *Kasutusrent*

Kasutusrent on rent, mis ei ole kapitalirent.

Kasutusrendi tingimustel renditud varasid kajastatakse materiaalse põhivara real soetusmaksumuses, millest on maha arvatud akumuleeritud kulum ja väärtuse langusest tulenev kahjum (kui see on tekkinud). Kulumit arvestatakse lineaarselt, hinnates iga varaobjekti alla selle hinnangulise jääkväärtuseni vara eeldatava kasuliku tööea jooksul, kohaldades norme, mida kasutatakse äriühingu ja kontserni sarnase materiaalse põhivara puhul.

Minimaalsed rendimaksud koosnevad kõikide osamaksete kogusummast, mida äriühing ja kontsern rendilepingu kehtivuse jooksul eelduste kohaselt saavad, ning renditud vara jääkväärtuse garanteeritud summast.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

**Finantsinstrumendid**

**Liigitamine**

Äriühingul ja kontsernil on järgmised finantsvarad.

*Laenud ja nõuded* on fikseeritud või kindlaksmääratava maksega mittederiviivsed finantsvarad, mida ei noteerita aktiivsel turul. Käesolevas raamatupidamise aastaaruandes kuuluvad laenude ja nõuete hulka regulaarsed laenud, krediitkaardi saldod ja renditehingud ning neid kajastatakse amortiseeritud soetusmaksumuses, kasutades tegeliku intressimäära meetodit. Teatavaid kulusid, näiteks õigusabikulud või agendina tegutsevate töötajate vahendustasud või muud kulud, mida kantakse laenu tagamisel, käsitletakse tehingu maksumuse osana.

*Amortiseeritud maksumuses kajastatud kohustused* on pankade hoiused ja saldod ning klientide jooksevkontod ja hoiused.

2012. aastal äriühing ega kontsern riskimaandamisinstrumentide arvestust ei kohaldanud.

**Kajastamine**

Finantsvarasid ja -kohustusi kajastatakse finantsseisundi aruandes siis, kui äriühing või kontsern saab instrumendi kohta sõlmitud lepingu osaliseks. Kõiki tavapärasel viisil sooritatud finantsvarade ostutehinguid kajastatakse arveldamiskuupäeval.

**Hindamine**

Finantsvara või -kohustust hinnatakse esmalt õiglase väärtuse alusel. Kui finantsvara või -kohustust ei ole kasumiaruandes õiglases väärtuses kajastatud, hinnatakse seda finantsvara või -kohustuse soetamisega või väljaandmisega otseselt seostatavate tehingukulude alusel.

Pärast esmast kajastamist hinnatakse finantsvarasid õiglase väärtuse alusel ilma selliste tehingukulude mahaarvamiseta, mis võivad tekkida vara müümise või muu realiseerimise korral, välja arvatud:

- lunastustähtjani hoitavad investeeringud ning laenud ja nõuded, mida hinnatakse amortiseeritud soetusmaksumuse alusel tegeliku intressimäära meetodil, ning
- investeeringud omakapitaliinstrumentidesse, millel ei ole aktiivsel turul noteeritud turuhinda ja mille soetusmaksumuse alusel määratud õiglast väärtust ei saa usaldusväärselt hinnata.

Kõiki finantskohustusi, välja arvatud need, mis on läbi kasumiaruande määratud õiglases väärtuses, ning need, mis tekivad siis, kui õiglases väärtuses kajastatud finantsvara võõrandamine ei tähenda kajastamise lõpetamist, hinnatakse amortiseeritud soetusmaksumuses. Amortiseeritud soetusmaksumust arvutatakse tegeliku intressimäära meetodil. Preemiad ja allahindlused, sealhulgas esmased tehingukulud, lisatakse seotud osamakse bilansilisele jääkmaksumusele ning amortiseeritakse instrumendi tegeliku intressimäära alusel.

Tegelik intressimäär on määr, millega diskonteeritakse täpselt finantsvara või -kohustuse oodatava kasutusea (või vajaduse korral lühema perioodi) jooksul toimuvaid prognoositud tulevasi sularaha makseid ja laekumisi finantsvara või -kohustuse bilansilisele jääkmaksumusele. Tegeliku intressimäära arvutamisel võtab kontsern tulevaste rahavoogude hindamisel arvesse finantsinstrumendi kõiki lepingutingimusi, kuid mitte tulevast krediitkahju.

**Õiglase väärtuse hindamise põhimõtted**

Õiglase väärtus on summa, mille eest hindamiskuupäeval saab teadlike ja huvitatud osaliste vahelises turuväärtuse põhimõttel sõlmitavas tehingus vara vahetada või kohustust täita.

Äriühingul ja kontsernil ei ole läbi kasumiaruande õiglases väärtuses kajastatud finantsinstrumente ega müügivalmis väärtpabereid.

Kõikide muude finantsvarade ja -kohustuste hinnangulised õiglased väärtused arvutatakse hinnangulistel tulevastel rahavoogudel põhinevate diskonteeritud rahavoogude meetodi alusel ja sarnase instrumendi diskontomäärade alusel 31. detsembril 2012. Kuna liisinguportfelli valdava osa finantseerimine toimub ujuva intressimäära alusel, ei ole äriühing avatud õiglase väärtuse kõikumistele – bilansilist väärtust loetakse ligikaudselt võrdseks õiglase väärtusega.

Õiglase väärtuse hindamise eesmärk on määrata ligikaudne summa, mille eest saaks finantsinstrumenti teadlike ja huvitatud osaliste vahel turuväärtuse põhimõttel sõlmitavas tehingus vahetada. Ent arvestades ebakindlust ja subjektiivse hinnangu kasutamist, ei tohiks õiglast väärtust tõlgendada realiseeritavana vahetel varade müügil või kohustuste arveldamisel.

Äriühingu ja kontserni kõikide finantsinstrumentide hinnangulised õiglased väärtused vastavad nende bilansilisele jääkmaksumusele seisuga 31. detsember 2012 ja 2011.

**Hilisemast hindamisest tulenev kasum ja kahjum**

Amortiseeritud soetusmaksumuses kajastatud finantsvarade ja -kohustuste puhul kajastatakse kasumit või kahjumit kasumiaruandes siis, kui finantsvara või -kohustuse kajastamine lõpetatakse või nende väärtus langeb, ning seda tehakse amortiseerimise teel.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

**Kajastamise lõpetamine**

Finantsvara kajastamine lõpetatakse, kui finantsvarast saadavate rahavoogude lepingulised õigused lõpevad või kui äriühing ja kontsern annavad kõik finantsvara omandiõigusega seonduvad riskid ja hüved olulises osas üle. Üleandmisel tekkinud või säilinud õigusi ja kohustusi kajastatakse eraldi varade või kohustuste real. Finantskohustuse kajastamine lõpeb kohustuse lõppemisel. Äriühing ja kontsern lõpetavad samuti asjakohaste varade kajastamise, kui kantakse maha nõuded, mis on seotud ebatõenäoliselt laekuvaks peetava varaga.

**Tulu ja kulu kajastamine**

Puhastulu on kapitalirenditehingutest saadav intressitulu, kasutusrenditehingutest saadav renditulu ja aruandeaastal kajastatud tulu ilma haldustasudeta ja sissemakseteta.

Kapitalirenditehingutest saadav intressitulu jaotatakse kogu rendiperioodi peale ära ning seda kajastatakse kasumiaruandes tegeliku intressimäära meetodil. Tegelik intressimäär on määr, millega diskonteeritakse täpselt finantsvara või -kohustuse oodatava kasutusea jooksul toimuvaid prognoositud tulevase sularaha makseid ja laekumisi. Tegelik intressimäär arvutamisel võtavad äriühing ja kontsern tulevaste rahavoogude hindamisel arvesse finantsinstrumendi kõiki lepingutingimusi, kuid mitte tulevast krediidikahju.

Tegelik intressimäär mõõtmisele on kaasatud teenustasutulu ja -kulu, mis moodustab finantsvarade ja -kohustuste tegeliku intressimäära lahutamatu osa.

Teenustasutulu kajastatakse siis, kui seonduvat teenust osutatakse. Kui laenukohustust eelduste kohaselt ositi ei kasutata, kajastatakse vastava laenukohustuse tasu lineaarselt laenukohustuse perioodi jooksul.

Kasutusrenditehingutest saadavat renditulu ja kasutusrendi ettemakseid kajastatakse rendiperioodi jooksul lineaarselt.

Kogu intressitulu ja -kulu kajastatakse tekkepõhiselt.

Trahvisummad kajastatakse nende laekumisel. Muid tulu- ja kulukirjeid kajastatakse siis, kui vastav teenus on osutatud.

**Välisvaluuta**

Välisvaluutatehingud arvestatakse ümber tehingu arvestusvaluutasse vastavalt tehingu toimumise kuupäeval kehtivale keskpankade vahetuskursile. Välisvaluutas fikseeritud rahalised varad ja kohustused arvestatakse aruande kuupäeval ümber arvestusvaluutasse sel kuupäeval kehtiva vahetuskursi alusel. Rahaliste varade ja kohustuste puhul on valuutakursi muutustest tingitud kasum või kahjum perioodi alguses kehtiva arvestusvaluuta amortiseeritud soetusmaksumuse, mida perioodi jooksul korrigeeritakse tegeliku intressimäära ja -maksetega, ning perioodi lõpus kehtiva vahetuskursi alusel ümber arvestatud valuuta amortiseeritud soetusmaksumuse vaheline erinevus. Välisvaluutas fikseeritud mitterahalised varad ja kohustused, mida kajastatakse õiglases väärtuses, arvestatakse arvestusvaluutasse ümber õiglase väärtuse kindlaksmääramise kuupäeval kehtiva vahetuskursi alusel. Mitterahalised varad ja kohustused, mida kajastatakse soetusmaksumuses välisvaluutas, arvestatakse ümber

Välismaiste äriüksuste varad ja kohustused arvestatakse esitusvaluutasse ümber aruandekuupäeval kehtiva vahetuskursi alusel. Välismaiste äriüksuste tulud ja kulud arvestatakse esitusvaluutasse ümber vahetuskursside alusel, mis on ligilähedased tehingu kuupäeva kurssidele. Esitusvaluutasse ümberarvestamisest tingitud erinevusi kajastatakse muu koondkasumi real. Põhivaluutade vahetuskursid olid aruandeperioodi lõpus järgmised:

|       | 31. detsember 2012 | 31. detsember 2011 |
|-------|--------------------|--------------------|
|       | LVL                | LVL                |
| 1 USD | 0,531              | 0,544              |
| 1 EUR | 0,702804           | 0,702804           |
| 1 LTL | 0,20400            | 0,20400            |
| 1 SEK | 0,0816             | 0,0782             |

**Eraldised**

Eraldisi kajastatakse siis, kui äriühingul või kontsernil on minevikus aset leidnud sündmustest tulenev õiguslik või faktiline kohustus, mida saab usaldusväärselt hinnata, ning on tõenäoline, et kohustuse täitmiseks on vaja majanduskasu väljavoolu. Kui mõju on materiaalne, määratakse eraldised prognoositavate rahavoogude diskonteerimise teel maksueelse määra alusel, mis peegeldab turu hetkehinnangut raha ajaväärtuse suhtes ja kohustusega seotud spetsiifilisi riske. Seisuga 31. detsember 2012 ja 31. detsember 2011 on äriühing ja kontsern loonud eraldised kasutamata puhkusteks ja preemiadeks.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA ARUANNE**

**Töötajate lühiajalised hüvitised**

Töötajate lühiajaliste hüvitiste tasumise kohustust hinnatakse diskonteerimata kujul ja need kantakse kuludesse vastava teenuse osutamisel. Kasumijaotusplaanide alusel lühiajaliste rahaliste preemiatena eeldatavasti makstavate summade puhul kajastatakse kohustust, kui äriühingul või kontsernil on juriidiline või faktiline kohustus tasuda see summa töötaja poolt varem osutatud teenuse eest ja seda kohustust on võimalik usaldusväärselt hinnata.

**Immateriaalne põhivara**

Äriühingu või kontserni soetatud immateriaalsed põhivara kajastatakse soetusmaksumuses, millest on maha arvatud akumulieeritud kulum ja väärtuse langusest tulenev kahjum. Omandatud arvutitarkvara litsentsid kapitaliseeritakse kulude alusel, mis on tekkinud konkreetse tarkvara soetamisel ja kasutuskõlblikuks muutmisel. Amortisatsiooni arvestatakse lineaarselt vara kasuliku tööea jooksul, kasutades järgmisi juhtkonna kehtestatud määrasid.

|            | <b>Protsent aastas</b> |
|------------|------------------------|
| Litsentsid | 20–33                  |
| Tarkvara   | 20–35                  |

**Materiaalne põhivara**

Materiaalset põhivara kajastatakse soetusmaksumuses, millest on maha arvatud akumulieeritud kulum ja väärtuse langusest tulenev kahjum. Kulumit arvestatakse lineaarselt, hinnates iga varaobjekti alla selle hinnangulise jääkväärtuseni vara eeldatava kasuliku tööea jooksul, kasutades järgmisi juhtkonna kehtestatud määrasid.

|                | <b>Protsent aastas</b> |
|----------------|------------------------|
| Kontoriseadmed | 20–35                  |
| Arvutid        | 35                     |
| Sõidukid       | 20                     |
| Muud           | 20                     |

Remondi- ja hoolduskulusid kajastatakse kasumiaruandes nende tekkimisel. Kapitaalremondi kulud lisatakse vara bilansilisse jääkmaksumusse ning amortiseeritakse seotud vara järelejäänud kasuliku tööea jooksul.

Renditud varale tehtud parendused amortiseeritakse lineaarselt renditud varale tehtud parenduste eeldatava kasuliku tööea või rendiperioodi jooksul, olenevalt sellest, kumb on lühem.

Realiseerimisest saadud kasum ja kahjum määratakse kindlaks bilansiliste jääkmaksumuste ja tulude võrdluse alusel ning seda kajastatakse kasumiaruandes nende tekkimise/teenimise perioodil.

Kasulikud tööead, amortisatsioonimäärad ja -meetodid vaadatakse igal aruande kuupäeval üle.

**Investeeringud tütarettevõtetesse**

Tütarettevõtted on äriühingu või kontserni kontrollitavad üksused. Äriühingul või kontsernil on kontrolli tütarettevõtte üle siis, kui tal on võimalik mõjutada üksuse finants- ja tegevuspõhimõtteid, et saada üksuse tegevusest kasu. Kontrolli hindamisel võetakse arvesse võimalikke hääleõigusi, mida saab antud hetkel kasutada. Tütarettevõtete raamatupidamise aastaaruanne on lisatud konsolideeritud raamatupidamise aastaaruandes alates kontrolli alguskuupäevast kuni kontrolli lõppemise kuupäevani. Raamatupidamise aastaaruanne on koostatud sarnaste tehingute ja sarnastel asjaoludel toimunud muude sündmuste ühtsete arvestuspõhimõtete alusel.

Äriühing on investeerinud oma tütarettevõttesse UniCredit Broker SIA 10 600 Läti latti, mis on kajastatud soetusmaksumuses.

**Dividendid**

Ettepanekukohaseid dividende kajastatakse raamatupidamise aastaaruandes vaid siis, kui osanikud on need heaks kiitnud.

**Taasomandatud varad**

Oma tavapärase äritegevuse raames omandab äriühing aeg-ajalt varasid, mis olid esialgu välja liisitud kapitalirendi tingimustel. Kui äriühing omandab varasid sellisel moel (st omandab varade täieliku omandiõiguse), siis ei kajastata vara eraldi, ent võlgnevus tasaarvestatakse või seda vähendatakse vara väärtuse võrra. Jääkväärtus langeb täies ulatuses ning võlgnevus eksisteerib õiguslikult edasi.

**Osapõhised maksetehingud**

Töötajatele jaotatud optsiionide üleandmise kuupäeva õiglast väärtust kajastatakse tööjõukulude all koos vastava muu koondkasumi suurenemisega perioodi jooksul, mil töötajatel tekib tingimusteta õigus optsiionidele. Kuludena kajastatud summat korrigeeritakse nii, et lõppkokkuvõttes kuluna kajastatud summa põhineb nende osapõhiste optsiionide arvul, mis ei vasta omandi üleandmise kuupäeval seotud teenuse ja turuvälisel tegevustulemusel põhinevatele omandi üleandmise tingimustele.

Töötajatele tasutava summa õiglase väärtus osa hinna tõusust tulenevate õiguste suhtes, mida arveldatakse rahas, kajastatakse kuluna kohustuste vastava suurenemisena perioodil, mil töötajatel tekib tingimusteta õigus maksele. Kohustust hinnatakse uuesti igal aruande kuupäeval ja arveldamiskuupäeval. Kohustuse õiglase väärtuse muutusi kajastatakse kasumiaruandes tööjõukuluna.

## UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA ARUANNE

Osade eelismüük: õiglast väärtust hinnatakse tulevaste intressimäärade mudeli (*Hull and White*) abil. Selle mudeli aluseks on hindade jaotamine kolmeharulise puu põhimõttel Boyle'i algoritmi abil ning sellisel juhul hinnatakse varasemat täitmistõenäosust deterministliku mudeli põhjal seoses järgmisega:

- turuosa väärtuse saavutamine võrdub täitmishinna täiskordsega;
- tõenäoliselt väljuvad kasusaajad kiiresti pärast omandi üleandmise perioodi.

Eeldatava tõusva väärtusega osad on üht liiki osade eelismüügi plaan, millega kaasnevad omakapitaliga arveldatavad osapõhised maksed. Õiglane väärtus võrdub osa turuhinnaga, millest on maha arvatud üleandmise kuupäevast kuni osa arvelduskuupäevani kestval perioodil jaotamata jäänud dividendide nüüdisväärtus.

### **Maksekohustuste ostutehingute ehk *forfeiting*-tehingute kajastamine**

Kapitalirendi- ja kasutusrenditehingutest tulenevad valitud rendinõuded ostab maksekohustustena UniCredit Bank AS – õigused rendinõuetele valitud lepingute alusel müüakse UniCredit Bank AS Eesti filiaalile. Pärast maksekohustuste ostu haldab neid rendilepinguid äriühing. Maksekohustuste ostutehingute tulused, välja arvatud maksekohustuste ostu objektiks oleva asjakohase materiaalse põhivara jääkväärtus, kajastatakse finantsseisundi aruandes maksekohustuste ostutehingute võlgadena. Maksekohustuste ostutehingute edasilükkunud tulu kajastatakse kasumiaruandes lineaarselt järelejäänud rendiperioodi jooksul pärast maksekohustuste ostutehingu täitmist. Seisuga 31. detsember 2012 oli maksekohustuste ostutehingute võlasumma 383 373 Läti latti (2011: 424 658 latti).

### **Allahindlus**

#### **Finantsvarad**

Äriühing ja kontsern hindavad igal aruande kuupäeval, kas on objektiivseid tõendeid selle kohta, et finantsvarade, mida ei ole kasumiaruandes kajastatud õiglases väärtuses, väärtus on langenud. Finantsvarade väärtus on langenud, kui objektiivsete tõendite alusel on näha, et kahjum on tekkinud pärast vara esmast kajastamist ning et kahjumi tekkimine mõjutab vara tulevase rahavooge, mida saab usaldusväärselt mõõta.

Objektiivsed tõendid finantsvarade väärtuse langemise kohta võivad olla laenusaaaja kohustuste täitmata jätmine või maksevõimetus, laenu või nõude restruktureerimine äriühingu või kontserni poolt tingimustel, mida äriühing või kontsern muidu ei kaaluks, märgid laenusaaaja või emitendi pankroti kohta, väärtpaberi aktiivse turu kadumine või muud varade grupiga seotud jälgitavad andmed, näiteks grupi kuuluvate laenusaaajate või emitentide makseseisundi kahjulikud muutused või majandustingimused, mis seostuvad grupi kohustuste täitmata jätmisega. Lisaks on objektiivne tõend väärtuse languse kohta kapitaliväärtpaberi investeeringu korral õiglase väärtuse märkimisväärtus või pikaajaline langus allapoole selle soetusmaksumust.

Äriühing ja kontsern analüüsivad tõendeid renditehingute väärtuse languse kohta nii konkreetse varaobjekti tasandil kui ka varagrupi tasandil. Kõiki olulisi renditehinguid hinnatakse eraldi neile omase väärtuste languse alusel. Kõiki olulisi renditehinguid, mille väärtus ei ole üksikult langenud, hinnatakse seejärel koos, et avastada juba toimunud, kuid veel avaldumata väärtuse langus. Renditehinguid, mis ei ole üksikult olulised, hinnatakse väärtuse languse tuvastamiseks koos, rühmitades kokku sarnaste riskiomadustega renditehingud.

Ühisel vara väärtuse languse hindamisel kasutavad äriühing ja kontsern statistilist mudelit kohustuste täitmatajätmise tõenäosuse varasemate suundumuste, tagastuste ajastuse ja tekitatud kahju kohta, mida on korrigeeritud lähituleviku juhtkonna otsustest selle kohta, kas olemasolevad majandus- ja laenutingimused on sellised, et tegelik kahjum võib kujuneda ajalooliste mudelite põhjal prognoositust suuremaks või väiksemaks. Ebaõnnestumise tõenäosust, võimaliku kahju suurust ja tulevaste tagastuste prognoositud ajastust võrreldakse korrapäraselt tegelike tulemustega, et veenduda nende kohasuses.

Amortiseeritud soetusmaksumuses kajastatud vara väärtuse langusest tulenevat kahjumit hinnatakse finantsvara bilansilise jääkmaksumuse ning vara algse tegeliku intressimäära meetodil diskonteeritud prognoositavate tulevaste rahavoogude nüüdisväärtuse vahelise erinevuse alusel. Kahjumit kajastatakse kasumiaruandes laenu ja nõuete allahindlusreservi real. Langenud väärtusega vara intressi kajastatakse jätkuvalt diskonto amortiseerimise kaudu. Kui hilisem sündmus põhjustab väärtuse langusest tuleneva kahjumi vähenemise, siis kasumiaruandes väärtuse langusest tuleneva kahjumi vähenemine storneeritakse.

#### **Mitterahalised varad**

Äriühingu ja kontserni mitterahaliste varade bilansilist jääkmaksumust, välja arvatud edasilükkunud maksude ettemakseid ja tagasinõudeid, analüüsitakse igal aruande kuupäeval, et teha kindlaks, kas esineb märke vara väärtuse langusest. Selliste märkide olemasolu korral hinnatakse tagatisvara kaetavat väärtust. Firmaväärtuse kaetavat väärtust hinnatakse igal aruande kuupäeval.

Väärtuse langusest tulenevat kahjumit kajastatakse siis, kui vara bilansiline jääkmaksumus või selle rahavoogusid genereeriv üksus ületab selle kaetava väärtuse. Rahavoogusid genereeriv üksus on väiksem eristatav varagrupp, mis genereerib rahavoogusid, mis on muudest varadest ja varagrupidest suuresti sõltumatud. Väärtuse langusest tulenevat kahjumit kajastatakse kasumiaruandes. Rahavoogusid genereerivate üksuste väärtuse langusest tulenevat kahjumit kasutatakse kõigepealt üksustele määratud firmaväärtuse bilansilise jääkmaksumuse vähendamiseks ning seejärel üksuse (üksuste grupi) muude varade bilansilise jääkmaksumuse proportsionaalseks vähendamiseks.

## UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA ARUANNE

Vara või rahavoogusid genereeriva üksuse kaetav väärtus on vara või rahavoogusid genereeriva üksuse kasutusväärtus või õiglane väärtus (olenevalt sellest, kumb on suurem), millest on maha arvatud müügikulud. Kasutusväärtuse hindamisel diskonteeritakse prognoositud rahavood nüüdisväärtuseni, kasutades maksueelset diskonteerimismäära, mis peegeldab turu hetkehinnangut raha ajaväärtuse suhtes ja varaga seotud spetsiifilisi riske.

Firmaväärtuse langusest tulenevat kahjumit ei storneerita. Muude varade osas hinnatakse eelnevatel perioodidel kajastatud väärtuse langusest tulenevat kahjumit igal aruande kuupäeval, et leida märke sellest, kas kahjum on vähenenud või üldse kadunud. Väärtuse langusest tulenev kahjum storneeritakse, kui kaetava väärtuse määramiseks kasutatavates hinnangutes on toimunud muutusi. Väärtuse langusest tulenev kahjum tühistatakse üksnes vara bilansilise jääkmaksumuse ulatuses, mis ei ületa bilansilist jääkmaksumust, millest on maha arvatud kulum ja amortisatsioon ning mis oleks määratud, kui väärtuse langusest tulenevat kahjumit ei oleks kajastatud.

### **Kaetava väärtuse arvutamine**

Äriühingu ja kontserni laenude, kapitalirendinõuete ja muude nõuete kaetav väärtus arvutatakse prognoositud rahavoogude nüüdisväärtuses, mida on diskonteeritud vara algse tegeliku intressimääraga.

### **Maksud**

Tulumaksukulu koosneb jooksvatest ja edasilükkunud maksudest. Tulumaksukulu kajastatakse kasumiaruandes, välja arvatud nende kirjete ulatuses, mida kajastatakse otseselt omakapitali või muu koondkasumi all.

Jooksvad maksud on maksustatava tulu pealt aasta jooksul tasumisele kuuluvad prognoositavad maksud, mida arvestatakse maksumäärade alusel, mis kehtivad või on aruande kuupäeva seisuga sisuliselt jõustunud, samuti eelnevate aastate eest tasumisele kuuluvate maksude korrigeeritud summad.

15% ettevõtte tulumaksu arvestatakse vastavalt Läti Vabariigi maksuseadustele ja see tugineb maksustamisperioodi maksustatavale kasumile.

Edasilükkunud maksude arvutamisel lähtutakse finantsaruandluse eesmärgil ajutistest erinevustest varade ja kohustuste bilansilise jääkmaksumuse ja maksustamiseks kasutatavate summade vahel. Edasilükkunud makse ei kajastata järgmiste ajutiste erinevuste korral: firmaväärtuse esmasel kajastamisel ning varade ja kohustuste esmasel kajastamisel tehingus, mis ei ole seotud äriühendusega ning mis ei mõjuta ei raamatupidamist ega maksustatavat kasumit ega kahjumit; seda ei kajastata ka tütarettevõtetesse tehtavate investeeringutega seotud erinevuste ulatuses, mida tõenäoliselt lähitulevikus ei storneerita. Edasilükkunud makse hinnatakse selliste maksumäärade alusel, mida eeldatavalt ajutistele erinevustele storneerimise korral kohaldatakse, ning seda tehakse õigusaktide alusel, mis kehtivad või on aruande kuupäeva seisuga sisuliselt jõustunud.

Edasilükkunud maksude ettemakseid ja tagasinõudeid kajastatakse vaid ulatuses, mille puhul on tõenäoline tulevase maksustatava kasumi teke, millega saab vara tasaarveldada. Edasilükkunud maksude ettemaksed ja tagasinõuded vaadatakse üle igal aruande kuupäeval ning neid vähendatakse seotud maksusoodustuste ulatuses, mille realiseerimine ei ole enam tõenäoline.

### **Raha ja raha ekvivalendid**

Raha ja raha ekvivalendid koosnevad kassas olevast rahast, pankades hoitavatest sidumata saldodest ning ülikviidsetest finantsvaradest, mille algne tähtaeg on lühem kui kolm kuud, mille õiglase väärtuse muutuste oht ei ole märkimisväärne ning mida äriühing ja kontsern kasutavad lühiajaliste kohustuste haldamiseks.

### **Seotud osapooled**

Seotud osapool on isik või (majandus)üksus, kes on seotud finantsaruandeid koostava (majandus)üksusega (rahvusvahelises raamatupidamisstandardis (IAS) 24 „Seotud osapooli käsitleva teabe avalikustamine” nimetatud kui „aruandev (majandus)üksus”).

- a) Isik või selle isiku lähedased pereliikmed on seotud aruandva (majandus)üksusega, kui see isik:
  - i) omab aruandva (majandus)üksuse üle kontrolli või ühist kontrolli;
  - ii) omab märkimisväärset mõju aruandva (majandus)üksuse üle või
  - iii) on aruandva (majandus)üksuse või aruandva (majandus)üksuse emaettevõtte juhtkonna üks võtmeisik.
- b) (Majandus)üksus on seotud aruandva (majandus)üksusega, kui kehtib üks järgmistest tingimustest:
  - i) (majandus)üksus ja aruandev (majandus)üksus on sama kontserni liikmed (mis tähendab, et iga emaettevõtte, tütarettevõtte ja sõsarettevõtte on seotud teistega);
  - ii) üks (majandus)üksus on teise (majandus)üksuse sidusettevõtte või ühisettevõtmine (või sellise kontserni liikme sidusettevõtte või ühisettevõtmine, mille liige on teine (majandus)üksus);
  - iii) mõlemad (majandus)üksused on sama kolmanda osalise ühisettevõtmised;
  - iv) üks (majandus)üksus on kolmanda (majandus)üksuse ühisettevõtmine ja teine (majandus)üksus on kolmanda (majandus)üksuse sidusettevõtte;
  - v) (majandus)üksus on töösuhtejärgsete hüvitiste skeem aruandva (majandus)üksuse või sellega seotud (majandus)üksuse töötajate kasuks. Kui aruandev (majandus)üksus on ise selline skeem, on skeemi sissemakseid tegevad tööandjad samuti seotud aruandva (majandus)üksusega;
  - vi) (majandus)üksuse üle omab kontrolli või ühist kontrolli punktis a määratletud isik;
  - vii) punkti a alapunktis i määratletud isik omab märkimisväärset mõju (majandus)üksuse üle või on (majandus)üksuse (või (majandus)üksuse emaettevõtte) juhtkonna üks võtmeisik.

Seotud osapooled on äriühingu osanikud, kontserni UniCredit Group liikmed, juhatuse liikmed, nende lähisugulased ja äriühingud, mille üle eeltoodud isikutel on oluline mõju või kontroll. Äriühingu ja kontserni emaettevõtte on UniCredit Global Leasing S.p.A.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

**Risk ja riskijuhtimine**

Äriühingu ja kontserni tegevus on avatud mitmetele finantsriskidele, sealhulgas krediidiriskile, likviidsusriskile, valuutariskile ja intressimäära riskile. Äriühingu ja kontserni juhtkond püüab minimeerida finantsriski võimalikke kahjulikke mõjusid äriühingu ja kontserni finantstulemustele. Äriühingu ja kontserni riskide juhtimine hõlmab riskide tuvastamiseks, hindamiseks, vältimiseks ning tõhusaks juhtimiseks kehtestatud põhimõtteid ja muid õigusnorme.

*Valuutarisk*

Valuutarisk on risk, mis tekib äriühingu ja kontserni varade ja kohustuste valuutastruktuuri erinevuste tõttu. Valuutakursside muutused põhjustavad muutusi varade ja kohustuste väärtuses ning kohalikus vääringus arvatud tulude ja kulude summas.

Äriühing ja kontsern on avatud valuutakursside kõikumisest tulenevatele mõjudele nii oma finantsseisundi kui ka rahavoogude seisukohast. Äriühing ja kontsern soovivad viia oma välisvaluutas fikseeritud varad, kohustused ja bilansivälised instrumendid omavahel vastavusse, et vältida olulisi valuutariske. Läti latti on praegu seotud euroga. Kui valitsuse poliitikat muudetakse seoses sidumisega, siis valuutarisk suureneks.

Lati 20% tugevnemine alltoodud valuutade suhtes seisuga 31. detsember oleks suurendanud (vähendanud) puhaskasumit alltoodud summades. Käesoleva analüüsi puhul on eeldatud, et kõik muud muutujad, eelkõige intressimäärad, jäävad samaks. Analüüs on koostatud 2012. ja 2011. aasta analüüsiga samadel alustel.

Lati 20% nõrgenemine alltoodud valuutade suhtes seisuga 31. detsember oleks avaldanud samasugust, ent vastupidist mõju alltoodud summadele, kui kõik muud muutujad oleksid jäänud samaks.

|                                | <b>2012. a koondkasum<br/>kokku<br/>LVL</b> | <b>2011. a koondkasum<br/>kokku<br/>LVL</b> |

| LTL                            | 17 128                                      | 57 110                                      |
| <b>Kontsern, 31. detsember</b> |                                             |                                             |
| USD                            | (19 076)                                    | (15 775)                                    |
| EUR                            | (409 051)                                   | (219 633)                                   |
| LTL                            | 17 128                                      | 57 110                                      |

Äriühingu ja kontserni finantsvarade ja finantskohustuste valuutaanalüüs on esitatud lisas 32.

*Intressirisk*

Intressirisk on seotud intressimäärade äkiliste ebasoodsate muutustega, mis võivad mõjutada äriühingu ja kontserni teenitud tulu. Risk tekib äriühingu ja kontserni varade ja kohustuste tähtaegade erinevuste tõttu või nende intressimäärade korrapärase korrigeerimise tõttu. Intressiriski juhtimine hõlmab äriühingu ja kontserni kõikide varade ja kohustuste intressiriski analüüsimist ja juhtimist.

Alljärgnev näitab äriühingu ja kontserni kasumiaruande tundlikkust põhjendatult võimalike intressimäära muutuste suhtes. Käesoleva analüüsi puhul on eeldatud, et kõik muud muutujad, sh eelkõige valuutakursid, jäävad samaks.

Kasumiaruande tundlikkus tuleneb intressimäärade oletatavate muudatuste mõjust puhtale intressitulule ühe aasta kohta pärast bilansikuupäeva, põhinedes ujuva intressimääraga mittekaubeldavatel finantsvaradel ja -kohustustel, mida omatakse 31. detsembril 2012 ja 31. detsembril 2011.

Äriühingule ja kontsernile ei kuulunud seisuga 31. detsember 2012 ja 31. detsember 2011 finantsinstrumente, mille puhul oleks intressimäärade muutustest tulenevalt tekkinud mõju muule koondkasumile.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

Intressimäärade tõus ja langus 100 baaspunkti võrra tooks kaasa järgmise muudatuse kasumiaruandes, seejuures mõju muule koondkasumile oleks sama.

| <b>Äriühing</b>                                 | <b>Puhastulu<br/>2012<br/>LVL</b> | <b>Muu koondkasum<br/>2012<br/>LVL</b> | <b>Puhastulu<br/>2011<br/>LVL</b> | <b>Muu koondkasum<br/>2011<br/>LVL</b> |
|-------------------------------------------------|-----------------------------------|----------------------------------------|-----------------------------------|----------------------------------------|

| Paralleelne suurenemine<br>100 baaspunkti võrra | (36 674)                          | (36 674)                                   | (6 460)                           | (6 460)                                |
| Paralleelne vähenemine<br>100 baaspunkti võrra  | 36 674                            | 36 674                                     | (6 460)                           | 6 460                                  |

Lisas 31 on esitatud ümberhindluse tähtaegade analüüs, milles on näidatud intressimäära lepingujärgseid ümberhindluse kuupäevi või finantsvarade ja -kohustuste lepingulisi tähtaegu (olenevalt sellest, kumb saabub varem).

#### *Krediidirisk*

Äriühing ja kontsern on avatud krediidiriskile, mis tekib siis, kui vastaspool ei ole suuteline maksta summasid õigeaegselt. Äriühing ja kontsern struktureerivad võetud krediidiriski tasemed, kehtestades ühe laenusaaja või seotud laenusaajate rühma puhul ning tööstusvaldkondade puhul vastuvõetava riski limiidid. Selliseid riske jälgitakse korrapäraselt ning need vaadatakse üle igal kuul, igas kvartalis ja igal aastal. Äriühingul ja kontsernil on kehtestatud ranged piirid eri tasemega volituste kohta, mida väljastatakse liisingulepingu ning sõlmitud liisingulepingute muutuste kinnitamiseks.

Krediidiriske jälgitakse korrapäraselt, hinnates laenusaaja suutlikkust tasuda intressimakseid ja põhiosa makseid ning muutes kehtestatud limiite vastavalt vajadusele.

Nõuetekohaste riskimaandusvõtete rakendamiseks on äriühing ja kontsern töötanud välja krediidi põhimõtete ja -suuniste kogumiku krediidiriskide juhtimiseks ning äriühingu ja kontserni krediidi põhimõtetes on sätestatud:

- laenu-/krediiditaotluste ülevaatamise ja kinnitamise kord;
- laenusaajate krediidi hinnangu meetodid;
- vastaspoolte, hindamis- ja kindlustusseltside hinnangu meetodid;
- tagatise hindamise meetodid;
- krediididokumentide nõuded;
- laenude ja muude krediidiriskide pideva jälgimise kord.

Kõnealused põhimõtted sisaldavad sätteid selle kohta, et liisinguvõtja analüüsimisel tuleb tähelepanu pöörata niisugustele olulistele teguritele nagu välisreitingud (kui on olemas), pangasoovitused ja muud sarnased andmed. Et läbida krediidi protsess edukalt, peab iga konkreetne tehing vastama krediidi põhimõtetes ja muudes metodoloogilistes dokumentides kehtestatud võrdlusandmetele.

#### *Likviidsusrisk*

Likviidsusrisk tekib äriühingu ja kontserni tegevuse üldisel rahastamisel ja positsioonide juhtimisel. Siia kuulub risk, mis seisneb äriühingu või kontserni suutmatuses rahastada varasid õigel tähtaegadel ja kehtivate määrade alusel, ning risk, mis seisneb äriühingu või kontserni suutmatuses likvideerida vara mõistliku hinna eest ja õigel ajal.

Äriühing ja kontsern püüavad juhtida likviidsusriski nii, et piisavad krediidiressursid oleksid kohustuste õigeaegseks täitmiseks olemas. Seepärast leiab äriühingu ja kontserni juhtkond, et äriühingul ja kontsernil on piisavalt raharessursse ning selle likviidsus ei ole ohus.

Finantskohustused tähtaegade järgi on esitatud lisas 33.

#### *Kapitali juhtimine*

Lätis ei kohaldata liisingufirmade suhtes kapitaliga seotud õigusnorme; siiski kontrollib äriühingu ja kontserni juhtkond tsentraalsel tasandil kapitali adekvaatsust ja kapitali kasutamist.

Äriühingu ja kontserni põhimõte on toetada äriühingu ja kontserni suutlikkust tegutseda käigusoleva ettevõtte, et liisinguturu tingimuste paranedes osanikele tulu teenida ning säilitada tugev kapitalibaas tegevuse arengu soodustamiseks.

**UNICREDIT LEASING SIA – ÄRIÜHINGU KONSOLIDEERIMATA JA KONTSERNI KONSOLIDEERITUD 2012. MAJANDUSAASTA  
ARUANNE**

*Maksimaalne krediidirisk*

Alljärgnev tabel näitab finantsseisundi aruande kirjete, sh derivatiivide, maksimaalset krediidiriski. Krediidirisk avalikustatakse finantsseisundi aruande krediidiriskile allutatud kirjete bilansilise netoväärtuse alusel, millest on maha arvatud ebatõenäoliselt laekuvad laenud ja nõuded.

**Maksimaalne krediidirisk**

Kapitalirenditehingute investeeringute pikaajaline ja lühiajaline osa kajastab arvetena veel esitamata ja tasumisele mittekuuluvat osa kapitalirendiportfelli koguriskist.

Nõuded ostjate vastu on kapitalirendiportfelli koguriski osa, mille eest on arved esitatud, ning hõlmab kasutus- ja kapitalirendilepingute tasumata makseid ning kapitali- ja kasutusrendilepingute makseid, mille maksetähtajad saavad aruandeperioodile järgneval perioodil.

Seisuga 31. detsember 2012 moodustab ostjate vastu olevate nõuete ühisallahindlus 10 714 Lāti latti ning see sisaldub kapitalirendiportfelli ühisallahindluses (vt lisad 11 ja 14).

\* Alates 2011. aastast toimuvad allahindlused valuutade kaupa ning on finantsaruandluseks lattidesse ümber arvestatud.

**(15) TAGATISTE ANALÜÜS**

Äriühingu ja kontserni sõlmitud rendilepingute tagatiseks on rendilepingute objektid. Kapitalirenditehingutesse, laenudesse ja ostjate vastu olevatesse nõuetesse tehtud investeeringute puhasrisk kokku jaotub tagatise liigile vastavalt järgmiselt:

|                                | <b>Äriühing<br/>2012<br/>LVL</b> | <b>Kontsern<br/>2012<br/>LVL</b> | <b>Äriühing<br/>2011<br/>LVL<br/>(ümb-<br/>er liigitatud)</b> | <b>Kontsern<br/>2011<br/>LVL<br/>(ümb-<br/>er liigitatud)</b> |

**(19) OMAKAPITAL**

*Osakapital*

31. detsembril 2012 oli osakapitali suurus 3 914 000 Läti latti (2011: 3 914 000 latti) ja see koosnes 3914 osast, millest iga osa nimiväärtus oli 1000 latti ning mille eest oli täies ulatuses tasutud.

Kõikide osadega kaasneb võrdne õigus hääletada osanike koosolekul, võrdne õigus saada väljakuulutatud dividendide ning võrdne õigus äriühingu ja kontserni ülejäänud varadele.

Osanikud seisuga 31. detsember 2012 ja 2011 olid järgmised.

|                          | <b>2012<br/>%</b> | <b>2011<br/>%</b> |
|--------------------------|-------------------|-------------------|

ARUANNE**

Lisad (järg)

**(20) ERALDISED**

31 612 Läti lati (2011: 16 768 latti) suurune osaoptsioonide reserv eraldatakse preemiaprogrammi jaoks, mis põhineb UniCredit S.p.A. osadel (osaoptsioonid ja eeldatavasti tõusva väärtusega osad), mida kajastatakse kulude all kohustuste vastava suurenemisena perioodi jooksul, mil töötajatel tekib tingimusteta õigus väljamaksele.

Kontserni UniCredit Group 2012. aasta pikaajalise preemiaprogrammi kohaselt on juhatuse esimehel 12 365 osa ulatuses osaoptsioone, mille omandi üleandmistähtaeg lõpeb juunis 2012, 29 905 osa ulatuses osaoptsioone, mille omandi üleandmistähtaeg lõpeb detsembris 2013, ja tulemuslikkuse eest eraldatava 2394 osa ulatuses osaoptsioone, mille omandi üleandmistähtaeg lõpeb detsembris 2013. Teistel töötajatel on 4000 osa ulatuses osaoptsioone, mille omandi üleandmistähtaeg lõpeb detsembris 2014.

Muude koondkasumiaruande kirjade suhtes edasilükkunud tulumaksu ei kohaldata. Edasilükkunud tulumaksu vara tekkimine on peamiselt seotud väärtuse langusest tuleneva allahindlusega. Lähtudes konservatiivsuse põhimõttest ning asjaolust, et äriühing ja kontsern ei ole kindlad, kas neil on võimalik kõigi allahinnatud laenude väärtus katta või seda mahaarvatava kuluna käsitleda, edasilükkunud tulumaksu vara ei kajastata.

**(22) VÕLAD TARNIJATELE**

Seisuga 31. detsember 2012 moodustasid äriühingu võlad tarnijatele 1 669 721 Läti latti (2011: 2 370 256 latti), seisuga 31. detsember 2012 oli sama näitaja kontserni puhul 1 671 589 Läti latti (2011: 2 372 016 latti). Seisuga 31. detsember 2012 ja 2011 ei ole äriühingul ega kontsernil tarnijatele tasumata võlgu.

Äriühing sõlmis äriühinguga UniCredit Leasing OOO nõustamisteenuste lepingu ning äriühinguga UniCredit Leasing S.p.A. ja selle Viini filiaaliga töötajate lähetuslepingu. Nõustamisteenustest ja lähetustest saadud tulu seisuga 31. detsember 2012 oli 108 572 Läti latti (2011: 92 301 latti).

Äriühing on sõlminud siseauditi teenuse osutamise lepingu äriühinguga UniCredit Leasing OOO. Siseauditi teenuste kulud seisuga 31. detsember 2012 moodustasid 5271 Läti latti (2011: 0 latti).

Kõik 2012. aastal seotud osapooltega toimunud tehingud tehti turuväärtuse põhimõttel sõlmitud tehingutega võrdsetel tingimustel.

Juhtkonna tasu on järgmine.

**(30) FINANTSVARADE JA FINANTSKOHUSTUSTE ÕIGLANE VÄÄRTUS**

Äriühingul ja kontsernil ei ole läbi kasumiaruande õiglases väärtuses kajastatud finantsinstrumente ega müügivalmis väärtpabereid.

Kõikide muude finantsvarade ja -kohustuste hinnangulised õiglased väärtused arvutatakse hinnangulistel tulevastel rahavoogudel põhinevate diskonteeritud rahavoogude meetodi alusel ja sarnase instrumendi diskontomäärade alusel 31. detsembril 2012. Kuna liisinguportfelli valdavat osa finantseeritakse ujuva intressimäära alusel, ei ole äriühing avatud õiglase väärtuse kõikumistele – bilansilist väärtust peetakse ligikaudselt võrdseks õiglase väärtusega.

Õiglase väärtuse hindamise eesmärk on määrata ligikaudne summa, mille eest saaks finantsinstrumenti teadlike ja huvitatud osaliste vahel turuväärtuse põhimõttel sõlmitavas tehingus vahetada. Ent arvestades ebakindlust ja subjektiivset hinnangut, ei tohiks õiglast väärtust tõlgendada realiseeritavana vahetul varade müügil või kohustuste arveldamisel.

Äriühingu ja kontserni kõikide finantsinstrumentide hinnangulised õiglased väärtused vastavad nende bilansilisele jääkmaksumusele seisuga 31. detsember 2012 ja 2011, kuna kõik intressivabad summad on lühiajalised ja turul kehtivaid intressimäärasid kohaldatakse pikema tähtajaga finantsvaradele.

## **Sōltumatute audiitorite jāreldusotsus**

### **UniCredit Leasing SIA osanikele**

#### **Jāreldusotsus konsolideerimata ja konsolideeritud raamatupidamise aastaaruande kohta**

Oleme auditeerinud UniCredit Leasing SIA (edaspidi: āriūhing) konsolideerimata raamatupidamise aastaaruannet, mis koosneb konsolideerimata finantsseisundi aruandest seisuga 31. detsember 2012, nimetatud kuupāeva seisuga lōppenud majandusaasta konsolideerimata kasumiaruandest, konsolideerimata koondkasumiaruandest, konsolideerimata omakapitali muutuste aruandest ja konsolideerimata rahavoogude aruandest ning olulisemate arvestuspōhimōtete kokkuvōttest ja muudest selgitavatest lisadest, mis on esitatud lk 5–51. Oleme auditeerinud ka UniCredit Leasing SIA ja selle tūtarettevōtte (edaspidi: kontsern) konsolideeritud raamatupidamise aastaaruannet, mis koosneb konsolideeritud finantsseisundi aruandest seisuga 31. detsember 2012, nimetatud kuupāeva seisuga lōppenud majandusaasta konsolideeritud kasumiaruandest, konsolideeritud koondkasumiaruandest, konsolideeritud omakapitali muutuste aruandest ja konsolideeritud rahavoogude aruandest ning olulisemate arvestuspōhimōtete kokkuvōttest ja muudest selgitavatest lisadest, mis on esitatud lk 5–51.

#### *Juhtkonna vastutus raamatupidamise aastaaruande eest*

Juhtkond vastutab konsolideerimata ja konsolideeritud raamatupidamise aastaaruande koostamise ja õiglase esitamise eest kooskōlas Euroopa Liidus kehtestatud rahvusvaheliste finantsaruandluse standarditega ning sisekontrollide eest, mida juhtkond peab vajalikuks, et vōimaldada sellise pettusest vōi eksimusest pōhjustatud oluliste vigade ja ebatāpsusteta raamatupidamise aastaaruande koostamist.

#### *Audiitori vastutus*

Meie ūlesanne on anda auditi tulemustele tuginedes omapoolne hinnang konsolideerimata ja konsolideeritud raamatupidamise aastaaruande kohta. Korraldasime auditi kooskōlas rahvusvaheliste auditeerimise standarditega. Nende kohaselt tuleb meil jārgida asjakohaseid eetikanōudeid ning audit planeerida ja teha viisil, mis vōimaldab piisava kindlusega otsustada, kas raamatupidamise aastaaruanne sisaldab olulisi vīgu ja ebatāpsusi.

Audit hōlmab toiminguid, mille kāigus saadakse tōendid konsolideerimata ja konsolideeritud raamatupidamise aastaaruandes esitatud summade ja muude nāitajate kohta. Valitud toimingud sōltuvad meie hinnangutest, sealhulgas raamatupidamise aastaaruandes pettusest vōi eksimusest pōhjustatud oluliste vigade ja ebatāpsuste esinemise riski hinnangust. Riski hindamisel analūsime āriūhingu ja kontserni raamatupidamise aastaaruande koostamiseks ja õiglaseks esitamiseks vajaliku sisekontrollisūsteemi sobivust antud asjaolude korral kohaste auditiprotseduuride vāljatōotamiseks, ent ei avalda arvamust āriūhingu ega kontserni sisekontrollisūsteemi tōhususe kohta. Audit hōlmab ka konsolideerimata ja konsolideeritud raamatupidamise aastaaruande koostamisel kasutatud arvestuspōhimōtete ning āriūhingu ja kontserni juhtkonna raamatupidamishinnangute kriitilist analūsi ning seisukohavōttu konsolideerimata ja konsolideeritud raamatupidamise aastaaruande esituslaadi suhtes tervikuna.

KPMG Baltics SIA on piiratud vastutusega Lāti āriūhing ja Šveitsi ūhinguga KPMG International Cooperative (KPMG International) lepinguliselt seotud KPMG sōltumatute liikmesfirmade vōrgustiku liige.

**KPMG**

Oleme veendunud, et auditi käigus saadud tõendid on järeldusotsuse tegemiseks piisavad ja sobivad.

*Arvamus*

Meie arvates annab Euroopa Liidus kehtestatud rahvusvaheliste finantsaruandluse standardite kohaselt koostatud konsolideerimata raamatupidamise aastaaruanne õige ja õiglase ülevaate UniCredit Leasing SIA finantsseisundist seisuga 31. detsember 2012, nimetatud kuupäeval lõppenud majandusaasta tulemustest ja rahavoogudest.

Meie arvates annab Euroopa Liidus kehtestatud rahvusvaheliste finantsaruandluse standardite kohaselt koostatud konsolideeritud raamatupidamise aastaaruanne õige ja õiglase ülevaate UniCredit Leasing SIA ja selle tütarettevõtte konsolideeritud finantsseisundist seisuga 31. detsember 2012, nimetatud kuupäeval lõppenud majandusaasta konsolideeritud tulemustest ja rahavoogudest.

**Järeldusotsus muude õigusaktidest tulenevate nõuete kohta**

Lisaks on meie kohustuseks hinnata, kas lk 4 esitatud juhatuse aruandes (mille koostamine on juhtkonna kohustus) sisalduvad raamatupidamislikud andmed on kooskõlas konsolideeritud raamatupidamise aastaaruandega. Seoses tegevusaruandega piirdus meie töö ülalmainitud ulatusega ja hõlmas üksnes konsolideeritud raamatupidamise aastaaruandes esitatud teavet. Meie arvates on tegevusaruanne kooskõlas konsolideeritud raamatupidamise aastaaruandega.
