Tegevusaruanne

Ferrari Oil Activity Report 2021

On 2021 the company, even if opened, did not operate at all also due to the standing Covid 19 situation, that did not permit to the managers to dedicate the due time to travels and meetings with prospective clients. However we have been working hard to put the basis for a bright 2022. We are are very confident that during 2022 some significant deal will be closed.
